Commonwealth Office 1925 68:

The Commonwealth Patricia M. Larby, 1993-01-01 The modern British Commonwealth linking fifty countries around the world in voluntary association cooperation and consultation is a unique body in world history The area of its member countries covers a third of the globe and collectively their peoples represent a quarter of the world's total population Though essentially different from the British Empire from which it originated the Commonwealth shares many common historical ties with Britain Patricia M Larby and Harry Hannam have assembled an unrivaled body of literature to illustrate the growth of the Empire into the Commonwealth This extensive bibliography identifies lists and annotates the most important publications on the development and growth of the Commonwealth its present status and functions and its role in education literature sport and the arts and sciences It includes its historical origins its cooperation in economics politics and international issues such as the environment and its many spheres of professional activity including medicine law and architecture Strong emphasis is placed on the role of the English language in the Commonwealth and as a medium for creative literature in many disparate cultures worldwide The Commonwealth appears at a time when this unique organization is on the threshold of a new era in its history The proposals emerging from the 1991 Commonwealth Heads of Government meeting include statements on democracy and human rights environmental affairs and global concerns such as international crime drug abuse and AIDS No previous comprehensive bibliography of the Commonwealth exists and this volume fills a long standing gap in the bibliographical coverage It will be an essential reference source for libraries and scholars involved in Commonwealth studies and will be of particular interest to historians political scientists economists and educators

The Commonwealth Experience Nicholas Mansergh, 1982-12-01 **The Oxford History of the British Empire: Volume IV: The Twentieth Century** Judith Brown, Wm Roger Louis, 1999-10-21 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change The Oxford History of the British Empire as a comprehensive study allows us to understand the end of Empire in relation to its beginnings the meaning of British imperialism for the ruled as well as the rulers and the significance of the British Empire as a theme in world history Volume IV considers many aspects of the imperial experience in the final years of the British Empire culminating in the mid century's rapid processes of decolonization It seeks to understand the men who managed the empire their priorities and vision and the mechanisms of control and connection which held the empire together There are chapters on imperial centres on the geographical periphery of empire and on all its connecting mechanisms including institutions and the flow of people money goods and services The volume also explores the experience of imperial subjects in terms of culture politics and economics an experience which culminated in the growth of vibrant often new national identities and movements and

ultimately new nation states It concludes with the processes of decolonization which reshaped the political map of the late twentieth century world Understanding the British Empire Ronald Hyam,2010-05-20 Understanding the British Empire draws on a lifetime s research and reflection on the history of the British Empire by one of the senior figures in the field Essays cover six key themes the geopolitical and economic dynamics of empire religion and ethics imperial bureaucracy the contribution of political leaders the significance of sexuality and the shaping of imperial historiography A major new introductory chapter draws together the wider framework of Dr Hyam s studies and several new chapters focus on lesser known figures Other chapters are revised versions of earlier papers reflecting some of the debates and controversies raised by the author s work including the issue of sexual exploitation the European intrusion into Africa including the African response to missionaries trusteeship and Winston Churchill s imperial attitudes Combining traditional archival research with newer forms of cultural exploration this is an unusually wide ranging approach to key aspects of empire **History, Religion and Identity in Modern Britain** Keith Robbins,1993-01-01 They complement and elaborate themes developed in Keith Robbins books Handbook of British Chronology E. B. Pryde,1996-02-23 The Handbook of British Chronology is acknowledged as the authoritative and indispensable record of all holders of major offices in England Wales Scotland and Ireland from the fifth century to the late twentieth century The third edition which first appeared in 1986 is now available from Cambridge University Press *Canada's Department of External Affairs: Coming of age, 1946-1968* John Hilliker,Donald Barry,1990 The second volume of the official history of the Department of External Affairs Coming of Age covers a period of remarkable expansion and achievement in Canadian external relations Commonwealth ,1979 **The Commonwealth Experience: From British to multiracial Commonwealth** Nicholas Mansergh,1982 **The Evolution of the Modern Commonwealth, 1902-80** Denis Judd,Peter Slinn,1982-10-14 *Kenya and Britain after Independence* Poppy Cullen,2017-06-30 This book explores British post colonial foreign policy towards Kenya from 1963 to 1980 It reveals the extent and nature of continued British government influence in Kenya after independence It argues that this was not simply about neo colonialism and Kenya s elite had substantial agency to shape the relationship The first section addresses how policy was made and the role of High Commissions and diplomacy It emphasises contingency with policy produced through shared interests and interaction with leading Kenyans It argues that British policy makers helped to create and then reinforced Kenya s neo patrimonialism The second part examines the economic military personal and diplomatic networks which successive British governments sustained with independent Kenya A combination of interlinked interests encouraged British officials to place a high value on this relationship even as their world commitments diminished This book appeals to those interested in Kenyan history post colonial Africa British foreign policy and forms of diplomacy and policy making **Annual Statement of the Trade of the United Kingdom with Commonwealth Countries and Foreign Countries** Great Britain. H.M. Customs and Excise. Statistical Office,1930 *The National Union Catalogs, 1963- ,1964*

Commonwealth Journal ,1977 **New South Wales Government Gazette** ,1926 Britain's Dependent Territories
George M. F. Drower,1992 **Whitaker's Cumulative Book List** ,1978 Anglo-Australian Relations and the 'turn to
Europe', 1961-1972 Andrea Benvenuti,2008 This book examines Anglo Australian relations against the background of the
revision of Britain s external policies and explores the radical changes that took place during the 1960s addressing the issue
of why the ties of empire which had once bound Australia and Britain became practically inconsequential by the early 1970s
Drawing on a broad range of British and Australian archival sources the author charts how Britain s reorientation towards
Europe gradually but inexorably loosened these historic ties BOOK JACKET *A Guide to the Naval Records in the National*
Archives of the UK Randolph Cock,N. A. M. Rodger,2006 Ranging from the 13th century to the 1970s this guide throws light
on the naval and maritime history of Britain and its empire The guide includes public records deposited outside The National
Archives in the National Maritime Museum and the Post Office Archives **The Statesman's Year-book** Frederick
Martin,Sir John Scott Keltie,Isaac Parker Anderson Renwick,Mortimer Epstein,Sigfrid Henry Steinberg,John Paxton,Brian
Hunter (Librarian),Barry Turner,1928
