**A Manual for Regional Defense Councils ...** Virginia. Defense Council,1941      **Survey of British Commonwealth Affairs** Nicholas Mansergh,2013-08-21 First Published in 1968 This book falls into three parts The first gives some account of the impact of war upon the Commonwealth and upon its individual member nations the second records the post war changes in its composition while the third examines some of the domestic and external problems that confronted the Commonwealth in the bleak mid years of the century Each of these topics if treated exhaustively would require a volume and what is attempted in this book is no more than the analysis of certain themes which seem to bear most closely on the idea of the Commonwealth and its place in the history of our times

**British Military Withdrawal and the Rise of Regional Cooperation in South-East Asia, 1964-73** S. Thompson,2014-12-15 This book examines the links between Britain's withdrawal from its east of Suez role and the establishment of South East Asian regional security arrangements The link between these two events is not direct but a relationship existed which is important to a wider understanding of the development of regional security arrangements

**Facing North Volume 1** David Goldsworthy,2012-11-27 Facing North is the first substantial history of Australia's relations with Asia since Federation Volume 1 chronicles Australian Asian relations from 1901 to the 1970s and Volume 2 in preparation will carry the story through the last decades of the century just ended Both make extensive use of official government sources and of the private collections of ministers and public servants Debate about engagement with Asia is not a recent phenomenon Ever since Federation Australians in public life have expressed diverse views on our foreign policy and on areas with major domestic consequences such as immigration In this volume Australia faces up to many changes in Asia Japan an expanding military power during the 1930s becomes an economic partner during the 1950s The Pacific war and decolonisation open Australia's regional horizons and the Vietnam war necessitates active engagement with Southeast Asia Failure to recognise China during the 1950s and 1960s shifts after 1972 to a vigorous search for relationship Other key developments include the initiation of the Colombo Plan in the 1950s and

gradual abolition in the 1960s and 1970s of the White Australia Policy The story is not a simple one of smoothly evolving engagement The challenges presented by Asian realities have evoked complex responses which this history analyses and clarifies It explains the major changes in official Australian policies towards Asia together with the broader cultural challenges Facing North tells us what was done in the past and why It is essential reading for anyone who wants to better understand Australia s present relations with Asian countries and our future choices Britain and Regional Cooperation in South-East Asia, 1945-49 Tilman Remme,2015-04-10 This book first published in 1995 traces the attempt by the British Foreign Office to establish an international regional organisation in South East Asia which would allow Britain to dominate the region politically economically and militarily The author explores the changing emphasis of Britain s regional policies and puts the issues affecting South East Asia in the post War period into a wide context He explores events in the light of the Japanese defeat in the Second World War the Communist struggle for supremacy of China the development of Anglo American relations in Asia and the beginnings of the Cold War Britain, Australia, New Zealand and the Challenge of the United States, 1939-46 P. Orders,2002-12-13 This book relates the development of Anglo Australian New Zealand relations during and immediately after the second world war to the role of the United States in the South west Pacific Based on the results of comprehensive multi archival research the book highlights the extent of American Commonwealth rivalry in the region and following the crisis of late 1941 and early 1942 demonstrates how the reforging of imperial links was shaped by the expansion of American power in Pacific areas south of the equator It provides an important and timely reassessment of the economic political and strategic factors that led Britain Australia and New Zealand to conclude that the postwar affairs of the South west Pacific should be dominated by the British Empire *Britain's Political and Military Position in the Commonwealth and in the Western Alliance Since 1945* Harald Husemann,1970 **Commonwealth Survey**,1955

**Independent Ally** Shannon Tow,2017-03-20 Will regional powers in the Asia Pacific have to choose between China and the United States In *Independent Ally* Shannon Tow challenges this prevailing view She explores how one key regional power Australia has repeatedly developed a strong relationship with a rising power while simultaneously preserving its alliance with a dominant global power Far from being a dependent ally that simply follows the policies of its great and powerful friends Australia has consistently developed and pursued an independent foreign policy toward those great powers that have played an important role in shaping its destiny It has proactively negotiated the terms of its relationships with those powers in ways that have been mutually complementary and that have supported its strategic interests in regional order The extent to which Australia can do so in future relates directly to the findings and lessons this study provides Drawing on newly released archival material and interviews with prominent former policymakers this book examines how six different Australian Prime Ministers successfully navigated these great power relationships over the last century **Brassey's Naval and Shipping Annual** Earl Thomas Allnut Brassey,1947 *The Commonwealth and Regional Defense* Brian Tunstall,1959 *Survey of*
