

Enhancing Your Persuasive Communication Techniques

Communication Persuasion

**John DeLamater, Daniel Myers, Jessica
Collett**

Communication Persuasion:

Communicating Health Nova Corcoran, 2007-05-14 This text will be extremely useful for students on a range of health related courses as well as practitioners in the health field The application of theory to practice is particularly well presented Ruth Cross Senior Lecturer in Public Health and Health Promotion Leeds Metropolitan University Why is communication important in health How can good health and well being be promoted to the public How can these communication skills be improved Effective health communication is a critical aspect of healthcare at both the individual and wider public level Health practitioners are frequently involved in the design planning implementation and evaluation of programmes campaigns or policies in their work This engaging new textbook explores current research and practice in the field and examines the knowledge and skills needed by health practitioners to promote and improve the health of the population The book opens the debate around communication and health and the design of programmes to promote health and thus moves closer to achieving fundamental health promotion goals The book bridges the gap between communication theory and the implementation of policy contains practical advice for designing effective campaigns covers key topics such as health promotion theories and models communicating with the wider public communication in traditional and non traditional settings the role of the mass media and information technologies evidence based practice and methods of evaluation Communicating Health will be essential reading for students needing to understand the factors that contribute to effective communication in health It provides a detailed and up to date overview drawing upon material from several health related disciplines including public health health studies and nursing It will also be invaluable for health care professionals involved in public health who wish to reflect upon and develop their practice Nova Corcoran works as a Senior Lecturer in Health Promotion and Public Health at the University of East London She has a background in Health Promotion work in particular the planning design and delivery of health campaigns and programmes

The Dynamics of Persuasion Richard M. Perloff, 2023-06-30 The eighth edition of The Dynamics of Persuasion again guides readers in understanding the power and limits of persuasion in contemporary society This edition continues its accessible and detailed illustration of the theoretical underpinnings of persuasive communication through contemporary and relevant examples of persuasion in action It features coverage of new scholarship on misinformation health communication and persuasion effects including careful attention to persuasion s role in the Covid 19 pandemic Important issues such as racial injustice climate change and barriers to persuading the politically and psychologically polarized also receive a fresh examination The book brings together classic terms and approaches from earlier editions with new global developments to help readers adopt a more thoughtful perspective on persuasion The eighth edition is an essential resource for courses in persuasion at the undergraduate and graduate levels within communication studies psychology and business programs Online resources also accompany the text an Instructor Manual that contains sample syllabi key terms chapter outlines sample discussion questions and links to

relevant news articles and other online resources such as videos Lecture Slides and a Testbank Please visit www.routledge.com/9781032268187

Perloff,2020-07-14 Approachable yet sophisticated and comprehensive presentation of the key concepts and theories of persuasion Key text for an increasingly relevant course taught in various departments such as communication studies and psychology Fresh attention to online influence and new examples of persuasion today including within health campaigns attitudes communicator appeals dissonance and ethics Updated companion website that includes an instructor's manual lecture slides sample test questions and links to relevant articles and videos illustrating concepts presented in the text Recent Reports ,1990

Health Communication Dr. Ravinder Singh,Dr. Monika Deswal,Dr. Ashoo Grover,2024-12-19 This book is a step towards better interaction between doctors patients and their families The topics and themes have been selected carefully The book starts with defining health communication and its social relevance The science of mass communication has been defined in detail The skills for communication have been included There is a special chapter on modern methods of dissemination of information including digital media One chapter has been dedicated for communicating with persons with disabilities

Communication and Persuasion Carl Iver Hovland,Irving Lester Janis,Harold H. Kelley,1963

Communication and Persuasion G. H. Jamieson,2025-12-30 First published in 1985 Communication and Persuasion examines the subject of persuasion from a broader perspective encouraging readers to analyze the social and psychological factors alongside the various verbal and non verbal agencies and media through which influence is often exerted Persuasion is presented as an integral part of human communication not as a separate or aberrant phenomenon but as a natural corollary to life that requires careful analysis and definition The book incorporates the behaviorist tradition of Anglo Saxon theorizing while exploring the implications of the emerging discipline of semiology A particularly compelling discussion integrates Sartre's work into the theme of persuasion bridging the gap between American and European thought and fostering deeper analysis This book is especially valuable for those studying psychology sociology and communication
