Communing With The Enemy:

Death from the Skies Dietmar Süß, 2014-02-06 The German Blitz that followed the Battle of Britain killed tens of thousands and laid waste to large areas of many British cities And although the destruction of 1940 1 was never repeated on the same scale fears that Hitler possessed a secret weapon of mass destruction never entirely died and were partially realized in the V1 and V2 raids of 1944 5 The British and American response to the Blitz especially from 1943 onwards was massive and incomparably more devastating with apocalyptic consequences for German cities such as Hamburg Dresden and Berlin to name but the most prominent In this ground breaking new book German historian Dietmar Süß investigates the effects of the bombing on both Britain and Nazi Germany showing how these two very different societies sought to withstand the onslaught and keep up morale amidst the material devastation and psychological trauma that was visited upon them And as he reflects in the conclusion this is not a story that is safely confined to the past the debate over the rights and the wrongs of the mass bombing of British and German cities during World War II remains a highly emotional subject even today *The Bridal Banquet* Robert Schmidt, 2025-10-30 Meals were an important part of Jesus ministry He ate with prostitutes and sinners He told the story of a dinner where the poor and homeless received a special invitation When the prodigal son came home his return was celebrated with feasting Jesus even made sure there was enough wine for a wedding banquet To a skeptical audience he said that he was the very bread of life Then he celebrated the Passover with its rich story of liberation and deliverance It was there that he invited all to receive the blessings of the meals of his ministry In the Lord's Supper believers receive Christ as that bread of life Like the prodigal son and other sinners they are fed and forgiven As in the Passover they are liberated from that which enslaves them There the attention is drawn to the blood of the lamb that has saved all believers now and forever The meals in Jesus ministry were done in the midst of life Might people also bring the blessings of Communion to a church without a pastor a soup kitchen a house church a refugee camp or a prophetic community This book shows how to do just that *Communing with the Enemy* Merrilyn Thomas, 2005 Based on archival sources this book examines the secret role of British and German Christians in the Cold War both as non governmental envoys and as members of covert intelligence operations and demonstrates the way in which religion was used as a tool of psychological warfare **Power and Society in the GDR, 1961-1979** Mary Fulbrook, 2009-05-01 The communist German Democratic Republic founded in 1949 in the Soviet occupied zone of post war Germany is for many people epitomized by the Berlin Wall Soviet tanks and surveillance by the secret security police the Stasi appear to be central But is this really all there is to the GDR's history How did people come to terms with their situation and make new lives behind the Wall When the social history of the GDR in the 1960s and 1970s is explored new patterns become evident A fragile stability emerged in a period characterized by consumer socialism international recognition and tentative Growing participation in the micro structures of power and conformity to the unwritten rules of an increasingly predictable system suggest increasing

accommodation to dominant norms and conceptions of socialist normality By exploring the ways in which lower level functionaries and people at the grass roots contributed to the formation and transformation of the GDR from industry and agriculture through popular sport and cultural life to the passage of generations and varieties of social experience the contributors collectively develop a more complex approach to the history of East Germany
