Communism In Germany

Adolf Ehrt

Communism In Germany:

Communism in Germany under the Weimar Republic Ben Fowkes,1984-02-23 Communist Resistance in Nazi Germany Allan Merson,1985 *The Death of the KPD* Patrick Major,1998-02-05 Why was the West German Communist Party banned in 1956 only 11 years after it had emerged from Nazi persecution Although politically weak the postwar party was in fact larger than its Weimar predecessor and initially dominated works councils at the Ruhr pits and Hamburg docks as well as the steel giant Krupp Under the control of East Berlin however the KPD was sent off on a series of overambitious and flawed campaigns to promote national unification and prevent West German rearmament At the same time the party was steadily criminalized by the Anglo American occupiers and ostracized by a heavily anti communist society Patrick Major has used material available only since the end of the Cold War from both Communist archives in the former GDR as well as western intelligence to trace the final decline and fall of the once powerful KPD *Communism in Germany* Adolf Ehrt,1933

Communism in Germany Adolf Ehrt,1933 **Creating German Communism, 1890-1990** Eric D. Weitz,1997-01-12 This social and political history of German communism ranges from its origins in imperial Germany to the collapse of the German Democratic Republic in 1990 The Weimar period is seen as crucial is forging a style of politics that contributed to the intransigence of the GDR during its history "Left Wing" Communism Vladimir Il'ich Lenin,1921 **The Famine in Germany** William Langer,1946 **Stalin and German Communism** Ruth (Politikerin Fischer, Through her long involvement in the German Communist party Ruth Fischer amassed valuable material on its changing fortunes the transformation of the Bolshevik party into a totalitarian dictatorship and the degeneration of the Comintern Drawing on this material and on her own vivid recollections Fischer reconstructs the history of the German Communist party from 1918 to 1929 First published in 1948 this fundamental work opened up the study of the inner organizational life of a major revolutionary movement In his introduction to the Social Science Classics edition John Leggett reviews and summarizes the social political and economic issues and events that precipitated the revolution and those factors that contributed to its failure **Social Transformation and the Family in Post-Communist Germany** E. Kolinsky,1998-04-02 The unification of Germany set in motion one of the most interesting and uncharted developments of our era the transformation of a whole society This book examines key areas of transformation with special reference to the place and future of the family **The Communist Review** ,1922 Lloyd George and the Appeasement of Germany, 1919-1945 Stella Rudman,2011-01-18 This book examines Lloyd George s attitudes to Germany during the inter war period and beyond As Prime Minister until October 1922 and a leading player in the shaping of postwar Europe Lloyd George maintained an active critical interest in Britain s European policy almost until his death in 1945 After a brief survey of his role at the Paris Peace Conference of 1919 the book considers Lloyd George s policy towards Germany during the rest of his premiership It then examines his interventions across the remaining inter war years concluding with an evaluation of his advocacy of a compromise peace with Hitler during

World War Two In 1941 Churchill likened Lloyd George's attitude to Germany to that of Marshal Pétain The evidence in some ways vindicates that comparison It shows that after 1918 Lloyd George supported appeasement on most issues involving Germany even during Hitler's chancellorship and even after World War Two began His belief that Germany had just grievances his suspicion of French motives his admiration for Hitler and his growing conviction that Germany had been treated unfairly at Versailles led him to see her as a long suffering under dog The book also sheds light on the evolution of the appeasement policies of successive British governments throughout the inter war period and by comparing Lloyd George's views with those of contemporary leaders and opinion formers it highlights ideas for alternatives to appeasement as conceived at the time rather than by historians in hindsight

The Workers' and Peasants' State Patrick Major, Jonathan Osmond, 2002 Medical histories of Belgium reshapes Belgian history of medicine by bringing together a new generation of scholars Going beyond a chronological narrative the book offers new insights by questioning classic themes of the history of medicine physicians institutions and the nation state While retracing specific Belgian characteristics it also engages with broader European developments in the nineteenth and twentieth centuries Medical histories of Belgium will appeal to Historians of Belgium in various subfields especially cultural history and political history and medical historians and medical practitioners seeking the historical context of their activities

The ABC of Communism Nikolaï Bukharin, Evgeniï Alekseevich Preobrazhenskii, 1922 **Stalin and German Communism** Ruth Fischer, 2017-09-04 Through her long involvement in the German Communist party Ruth Fischer amassed valuable material on its changing fortunes the transformation of the Bolshevik party into a totalitarian dictatorship and the degeneration of the Comintern Drawing on this material and on her own vivid recollections Fischer reconstructs the history of the German Communist party from 1918 to 1929 First published in 1948 this fundamental work opened up the study of the inner organizational life of a major revolutionary movement In his introduction to the Social Science Classics edition John Leggett reviews and summarizes the social political and economic issues and events that precipitated the revolution and those factors that contributed to its failure

"Other Germany" in the Second World War Anglo-German Group of Historians, Lothar Kettenacker, 1977

Rhyme and Revolution in Germany James Granville Legge, 1919 *The Peasant War in Germany* Friedrich Engels, 1926

Weimar Communism as Mass Movement Norman Laporte, Ralf Hoffrogge, 2017 Now a quarter of a century after the opening of the archives in Berlin and Moscow the role of the German Communist Party KPD has been the subject of a new wave of studies With this book this new field of scholarship will be available in English for the first time The book begins with the editors comprehensive contextualisation of the KPD within the history of the ill fated Weimar Republic as well its location within the Moscow based Communist International Comintern thus bringing together the global and the local In the rest of the book authors offer a flavour of the rich texture of the world of German Communism Attention is given to the party's revolutionary origins in 1918-19 accounting for the importance of not only Rosa Luxemburg's Spartacus League but also the

Left Radicals whose stronghold was Bremen and north western Germany The policy dilemmas of being a mass party in Germany are then elucidated but ultimately the party s fate and its policy making were dominated by Moscow in the process known as Stalinisation which neared completion by the end of the 1920s However this volume also includes a detailed appraisal of left wing Communists opposition to Stalin and Stalinisation as well as the party s changing relationship with the SPD led trade unions A section in the volume presents new research on how German communism aspired to reach beyond its core support among the working class by examining its overtures to peasants avant garde artists pacifists and prominent left wing personalities outside the party s ranks Finally an account of Stalin s own betrayal of German communism is offered after the Nazis seizure of power in 1933 This book represents essential reading for academic undergraduate and general readers interested in twentieth German history and politics and the interwar communist movement With thanks to the Nina Fishman translation award run by the Amiel Melburn Trust

Russia and Germany Walter Ze'ev Laqueur, Despite political changes since 1989 the relationship between these two nations remains the most important issue in European politics This study of what Russians and Germans have thought of each other and the fateful consequences of their interacting ideas is of lasting significance

The Enigmatic Realm of **Communism In Germany**: Unleashing the Language is Inner Magic
