## **Community Health Nursing:**

**Community & Public Health Nursing: Promoting the Public's Health** Judith Allender, Cherie Rector, Cherie Rector, PhD Rn-C, Kristine Warner, Kristine Warner, PhD MS MPH RN, 2013-04-26 Community Public Health Nursing is designed to provide students a basic grounding in public health nursing principles while emphasizing aggregate level nursing. While weaving in meaningful examples from practice throughout the text, the authors coach students on how to navigate between conceptualizing about a population focus while also continuing to advocate and care for individuals, families, and aggregates. This student-friendly, highly illustrated text engages students and by doing so eases students into readily applying public health principles along with evidence-based practice, nursing science, and skills that promote health, prevent disease, as well as protect at-risk populations. What the 8th edition of this text does best is assist students in broadening the base of their knowledge and skills that they can employ in both the community and acute care settings while the newly enhanced ancillary resources offers interactive tools that allow students of all learning styles to master public health nursing. **Foundations of Community Health Nursing** Marcia Stanhope, Jeanette Lancaster, 2001-01-01 **Community Health Nursing** Mary Albrecht Nies, Melanie McEwen, 2001 Based on the unique upstream thinking approach that emphasizes health promotion efforts to address the precursors of poor health, this edition focuses on the issues, responsibilities, and roles important for providing contemporary community health nursing care. Detailed case studies provide a community component for each step of the nursing process, and several new chapters have been added, including the economics of health care, care of the disabled population, and care for clients in prison and parish settings. The complete Instructor's Electronic Resource is available on CD-ROM and includes PowerPoint slides. Comprehensive Community Health Nursing Susan Clemen-Stone, Sandra L. McGuire, Diane Gerber Eigsti, 2002 New edition of a text providing a foundation for community health nursing practices with emphasis on a preventive approach and a partnership with clients and other stakeholders in addressing community needs. Discussion includes historical and current perspectives, the family-centered approach, theoretical foundations for population-focused practice, care from infancy to the well elderly, school health and occupational health nursing, long-term care needs, and management of professional commitments. An insert contains a complete, corrected index. Annotation copyrighted by Book News Inc, Portland, OR.
