## **Earth Light:**

**Earthlight, Volume 1** Stuart Moore, Christopher Schons, 2020-04-13 A teen boy and his family move to Earth's first lunar colony where they find no shortage of drama in this science fiction manga series opener. The year 2068. The place Earthlight Lunar Colony, an international melting pot of scientific discovery and global tensions. Population 228 adults and four kids. Fifteen-year-old Damon Cole, who's just arrived on the moon, is one of the first students at the new Earthlight Academy. It's tough being the new kid, but it's even worse when your mother is your teacher and when your father is Chief Administrator of the entire colony that's really asking for it. Damon just wants to kick back and fit in. But soon he's drawn into the life of a pretty girl named Lise and her abusive boyfriend. Can he avoid being drawn into a deadly fistfight at the top of the lunar dome? And if so, will he be ready for the terror that's coming from the adult world? Praise for Earthlight Volume 1. Schons's art is a standout; he draws spacesuits and SF gizmos well but doesn't lose sight of the characters. Moore introduces concepts and characters effectively with just a few text lines. Basically The O.C. on the moon. Earthlight's situations are still universal and appealing for a YA audience. Publishers Weekly

**Earthlight, Volume 2** Stuart Moore, Christopher Schons, 2020-04-13 What happens on Earthlight doesn't stay on the outpost and could lead to Earth's destruction. Students become pawns in this sci-fi manga thriller. Earthlight has survived catastrophic accidents, political strife, and clamorous discord. But now the lunar colony faces a deadly threat from the very powerful satellites that orbit the moon, beaming much needed energy back to Earth. Terrorists have seized the Power Bases, plunging Earthlight into darkness. Worse, they threaten to burn whole Earth cities to ashes if their demands aren't met. And for fifteen-year-old Damon Cole, it's a disaster that will strike closer to home than he could have ever imagined. Praise for Earthlight Volume 1. Basically The O.C. on the moon. Earthlight's situations are still universal and appealing for a YA audience. Publishers Weekly. The artwork features beautiful images of the colony's structures as well as many views of the star-filled sky, a cliff hanger ending. Readers will clamor for volume two to see what happens next. School Library Journal

**By Earthlight** Bryce Walton, 2014-07-01 Humanity is poised for a major technological breakthrough with the introduction and maiden voyage of a state-of-the-art rocket. But in the days leading up to the launch, a nefarious plot is hatched that could prove to be the world's undoing. Will the conspirators get caught before it's too late?

**Earthlight, Volume 3** Stuart Moore, Christopher Schons, 2020-04-13 The fate of the lunar colony rests in the hands of its students in the third action-packed adventure in the near-future sci-fi manga series. With its founding teacher revealed as an international terrorist, Earthlight Academy is falling apart. Fifteen-year-old Damon Cole and his friends can't make it work by themselves, and some are starting to think that it's too much trouble to even bother. The good news: there's a new teacher coming. The bad news: she's got her own reasons for wanting to be on the moon. Praise for Earthlight Volume 1. Basically The O.C. on the moon. Earthlight's situations are still universal and appealing for a YA audience. Publishers Weekly. The artwork features beautiful images of the colony's structures as well as many views of the star-filled

sky a cliff hanger ending Readers will clamor for volume two to see what happens next School Library Journal **Ilsa Paul Williamson**,2014-06-02 Ilsa is a passionate woman Her life is a story of adventure bravery compassion learning leadership triumph and loss She is a soul on a journey learning many lessons as well as she can living in an ancient Celtic world The society where she lives is ruled by a spiritual government that espouses strong green values and respect for Mother Earth in all its forms it is a place where people strive for peace and harmony in their lives It is a very different world from the modern high tech and materialistic culture in which we inhabit today However even though this story is set in the more primitive past there are many values in the lifestyle Ilsa and her friends live which could be applicable to our life today and could help us to move forward to a better future All is not well in the land There are threats of war and invasion and Ilsa is confronted with personal struggles with some of those closest to her Ilsa would wish to make everything right with everyone she meets and she tries her utmost to do this But sometimes even the strongest and most determined souls meet limits to what they are able to do and the lesson for her is about acceptance and letting go However Ilsa is not one to surrender and her own fierce nature leads her on when for others all would seem lost It is with this passion that she finally finds peace in this moving tale
