Book Of Hours:

Time Sanctified Roger S. Wieck, Walters Art Gallery (Baltimore, Md.), 2001 The illuminated manuscript was the primary vehicle of learning religion and art during the Middle Ages and Renaissance Within the pages of these hand painted treasures medieval civilisation flourished Of all the illuminated manuscripts from this period the Book of Hours was by far the most popular and among the most exquisitely made In the words of scholar L M J Delaisse it was the best seller of its time the most frequently commissioned book by both the aristocracy and the middle classes A selection of these splendid pages is presented in Time Sanctified along with a detailed discussion of their importance and their contents A prayer book for the laity the Book of Hours contains at its heart a series of prayers devoted to the Virgin Mary which were meant to be recited at seven canonical times or hours during the day The most highly skilled calligraphers and painters were commissioned to execute the finest decoration with the most luxurious materials such as gold silver and lapis lazuli An understanding of the contents in the Book of Hours both textually and pictorially is essential to our understanding of not only late medieval piety but of late medieval social life as well The contributions of four authorities on Books of Hours guide the reader Roger Wieck provides a detailed description of the contents of the Book of Hours Lawrence Poos discusses its social context Virginia Reinburg sheds light on the role of the Book of Hours in late medieval piety and John Plummer provides essential textual analysis The images are assembled from the Walters Collection which contains one of the finest and largest collections of Books of Hours in the world

Rilke's Book of Hours Anita Barrows, 2005-11-01 A FINALIST FOR THE PEN WEST TRANSLATION AWARD The 100th Anniversary Edition of a global classic containing beautiful translations along with the original German text While visiting Russia in his twenties Rainer Maria Rilke one of the twentieth century s greatest poets was moved by a spirituality he encountered there Inspired Rilke returned to Germany and put down on paper what he felt were spontaneously received prayers Rilke s Book of Hours is the invigorating vision of spiritual practice for the secular world and a work that seems remarkably prescient today one hundred years after it was written Rilke s Book of Hours shares with the reader a new kind of intimacy with God or the divine a reciprocal relationship between the divine and the ordinary in which God needs us as much as we need God Rilke

influenced generations of writers with his Letters to a Young Poet and now Rilke's Book of Hours tells us that our role in the world is to love it and thereby love God into being. These fresh translations rendered by Joanna Macy, a mystic and spiritual teacher, and Anita Barrows, a skilled poet, capture Rilke's spirit as no one has done before. **The Book of Hours** Rainer Maria Rilke, 2001. This is a complete translation of Rainer Maria Rilke's *The Book of Hours* that restores to the English-speaking reader a critical work in the development of a significant figure in 20th-century German poetry. Conveying an almost mystical conception of the relationship between God, the human being, and nature, *The Book of Hours* (*Das Stundenbuch*), first published in 1905, is a series of intimate prayers written as if by a Russian monk-turned-painter, writings that bring to bear the profound influence of Rilke's journeys to Russia and Italy at the turn of the century. *Rainer Maria Rilke's The Book of Hours* Rainer Maria Rilke, 2008. The *Book of Hours*, written in three bursts between 1899 and 1903, is Rilke's most formative work, covering a crucial period in his rapid ascent from fin de siècle epigone to distinctive modern voice. The poems are crucial documents of Rilke's development, from his tour around Russia with Lou Andreas Salome through his hasty marriage to Clara Westhoff in the artist's community of Worpswede to his turn toward the urban modernity of Paris. Rilke assumes the persona of an artist-monk, undertaking the Romantic's journey into the self-speaking to God as part transcendent deity, part needy neighbor. Echoes of his juvenile style persist, yet by the end of the book, the influence of the sculptor Rodin is discernible in the distinctive idiom of urbanity in the terminology of things and in Rilke's turn to the everyday world around him.
