Chanur's Venture C. J. Cherryh, 1984 **To Be Continued** Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995. Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series. *To Be Continued* Second Edition maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles, publishers, publication dates, genre categories, annotations, and subject terms. Among the genre categories that can be found in *To Be Continued* are romance, science fiction, crime novel, horror, adventure, fantasy, humor, western, war, Christian fiction, and others.

Can We Believe in People Stephen R. L. Clark, 2020-05-13 The view that humanity is in the image and likeness of God has influenced the past two millennia of European history and retains its significance despite the apparent decline of theism as a major social factor. Human beings are understood to be in some way special, deserving of respect, capable of understanding, even remaking the universe. The aim of the author, drawing on a wide range of resources, ancient and modern, is to clearly delineate this view, its apparent justifications, its implications, and what can and should be said to challenge it. *Can We Believe in People* preserves a strong account of human reason and human dignity while yet fully acknowledging the claims of other terrestrial and extraterrestrial life.

To be Continued Merle Jacob, Hope Apple, 1995 This guide identifies both in print and out of print works of fiction featuring continuing themes, plots, or characters in which there is a sense of development and passage of time. Entries are arranged alphabetically by author and are accompanied by bibliographic information.
