Pritchard with intr. and notes* Job (the patriarch), 1903 **The Rhetorical Design of Isaiah 40-48/55** P. van der Lugt, 2022-06-08 In this volume Pieter van der Lugt offers a comprehensive analysis of the rhetorical structure of Isaiah As in his previous studies on the Book of Job and the Psalter the author demonstrates that classical Hebrew poetry displays a well defined structure consisting of balanced main parts cantos and subdivision into strophes This rhetorical starting point is of crucial importance for the delimitation of the individual poems in Isaiah 40 48 and in many cases determines their interpretation Subsequently it is demonstrated that the successive compositions form well defined and coherent cycles of poems *Major Poems of the Hebrew Bible* J. P. Fokkelman, 1998 **Art, Labour and American**

Life Ben Hickman,2023-10-21 This book examines labour in the age of US hegemony through the art that has grappled with it and vice versa developments in American culture as they have been shaped by work s transformations over the last century Describing the complex relations between cultural forms and the work practices Art Labour and American Life explores everything from Fordism to feminization from whitecollar ascendancy to zero hours precarity as these things have manifested in painting performance art poetry fiction philosophy and music Labour all but invisible in cultural histories of the period despite the fact most Americans have spent most of their lives doing it here receives an urgent re emphasis as we witness work s radical redefinition across the world
