A Good Night To Kill:

A Good Night to Kill Lillian O'Donnell, 1989-11-28 Homicide chief Norah Mulcahey investigating an apparent mugging turned fatal and the drowning of a mafioso's wife is hampered by the media's relentless interest *The Man Who Killed Happy Hour* EDWARD K. JEFFER, 2014-09-17 Learn about McNamara's 100,000 soldiers who failed to meet minimal intellectual standards but were given a chance at Army careers Meet a soldier who won a silver star while wearing a black lace bra under his fatigues Hear the story of how a British Army in India 19th century water policy was almost resurrected for Desert Storm Discover why the military stopped pushing cheap booze and attempted to change from an alcohol positive to an alcohol neutral culture Follow the quest for improved services in Army medicine Relive many interesting vignettes from the 70s, 80s, and 90s including insights into several dynamic general officers including one who postponed a meeting with the Supreme Allied Commander Europe SACEUR to chat with doctors at a coffee break Peek inside the often confusing world of quality assurance Examine why reduction in rank appears not to work See how the National Practitioner Data Bank protects patients in the U.S. Read about one attempt to prepare Army doctors and field medics for psychiatric casualties on the battlefield Find out how a psychiatrist can become involved in a surprisingly wide range of activities related to military life Marvel over the level of emotions engendered by the question of who should command medical units Enjoy articles about Dr. Jeffer from Newsweek Psychology Today Army Times U.S. Medicine Stars and Stripes Psychiatric News and the Newport News Daily Press Over twenty-six years Dr. Ed Jeffer was involved in drugs and alcohol the interface of medicine and the law quality assurance combat psychiatry and many other areas He served with both active and reserve components Working as a staff officer he interfaced with command at all levels and with governors and the Congress of the United States Many lessons learned are still valuable today and there is something of interest for everyone **The Jewel of St. Petersburg** Kate Furnivall, 2010-08-03 The national bestselling author of *The Russian Concubine* takes us back to Tsarist Russia for a sweeping novel of love and intrigue Russia 1910 Valentina Ivanova is the darling of St. Petersburg's elite aristocracy until her romance with a Danish engineer creates a terrible scandal and her parents push her into a loveless engagement with a Russian count Meanwhile Russia itself is bound for rebellion With the Tsar and the Duma at each other's throats and the Bolsheviks drawing their battle lines the elegance and opulence of Tsarist rule are in their last days And Valentina will be forced to make a choice that will change not only her own life but the lives of those around her forever Mister X Bundle with Urge to Kill, Night Kills, In for the Kill, & Darker than Night John Lutz, 2010-10-01 Mister X He mutilates his victims Slices their throats And carves an X into their flesh Five years ago he claimed the lives of six women Then the killings abruptly stopped no one knows why Ex homicide detective Frank Quinn remembers Which is why he's shocked to see one of the dead women in his office Actually she's the identical twin of the last victim and she wants Quinn to find her sister's murderer But when the cold case heats up it attracts the media spotlight and suddenly the killings start again Urge to Kill

Homicide detective Frank Quinn can't stay retired when a new breed of murdering madman is on the prowl. In a city terrorized by bloody brutality, Quinn and his team hunt a psychopath who lures beautiful women into a night of unbridled passion, then wakes them to a vicious, drawn-out death. Stumbling over a trail of horribly defiled bodies, Quinn can't seem to catch up to the killer because the killer is about to catch up to him. **Night Kills**. Frank Quinn is sure he is hunting for a madman, someone who is shooting young women in the heart, defiling their bodies, leaving only the torsos to be found. Quinn, a former NYPD detective, is called into the case by an ambitious chief of police and mobilizes his team of brilliant law enforcement misfits. But in the concrete canyons of New York, this shocking serial murder case is turning into something very different. Jill Clark came to the city with too many hopes and too little cash. Now a seemingly deranged woman is telling her an extraordinary story. New to an exclusive dating service, Jill is warned that other women have died on their dates and that she could be next. Struggling against a death trap closing in around her, Jill has a powerful ally in Frank Quinn. But no one knows the true motives behind a rampage of cold-blooded murderer or how much more terrifying. [Forest and Stream](#), 1901

Berkhoff, 2012-04-13 Main description: Much of the story about the Soviet Union's victory over Nazi Germany has yet to be told. In **Motherland in Danger**, Karel Berkhoff addresses one of the most neglected questions facing historians of the Second World War: how did the Soviet leadership sell the campaign against the Germans to the people on the home front? For Stalin, the obstacles were manifold. Repelling the German invasion would require a mobilization so large that it would test the limits of the Soviet state. Could the USSR marshal the manpower necessary to face the threat? How could the authorities overcome inadequate infrastructure and supplies? Might Stalin's regime fail to survive a sustained conflict with the Germans? **Motherland in Danger** takes us inside the Stalinist state to witness from up close its propaganda machine. Using sources in many languages, including memoirs and documents of the Soviet censor, Berkhoff explores how the Soviet media reflected and distorted every aspect of the war, from the successes and blunders on the front lines to the institution of forced labor on farm fields and factory floors. He also details the media's handling of Nazi atrocities and the Holocaust, as well as its stinting treatment of the Allies, particularly the United States, the UK, and Poland. Berkhoff demonstrates not only that propaganda was critical to the Soviet war effort, but also that it has colored perceptions of the war to the present day, both inside and outside of Russia. **The Free Thought Magazine**, 1895 **Family Herald**, 1860 [The Southwestern Historical Quarterly](#), 1929 **North Carolina Reports** North Carolina Supreme Court, 1987 Cases argued and determined in the Supreme Court of North Carolina [The Living Age](#), 1902 **The Lady's Realm**, 1899 **Atlantic Reporter**, 1908 **American Illustrated Magazine**, 1905
