[Handbook of Research on Student-Centered Strategies in Online Adult Learning Environments](#)

Fitzgerald, Carlton J.,Laurian-Fitzgerald, Simona,Popa, Carmen,2018-06-08 As traditional classroom settings are

transitioning to online environments teachers now face the challenge of using this medium to promote effective learning strategies especially when teaching older age groups Because adult learners bring a different set of understandings and skills to education than younger students such as more job and life experiences the one size fits all approach to teaching does not work thus pushing educators to create a student centered approach for each learner The Handbook of Research on Student Centered Strategies in Online Adult Learning Environments is an important resource providing readers with multiple perspectives to approach issues often associated with adult learners in an online environment This publication highlights current research on topics including but not limited to online competency based education nontraditional adult learners virtual classrooms in public universities and teacher training for online education This book is a vital reference for online trainers adult educators university administrators researchers and other academic professionals looking for emerging information on utilizing online classrooms and environments in student centered adult education

**Pedagogies for Student-Centered Learning** Cari Crumly, Pamela Dietz, Sarah D'Angelo, 2014 This book will help you to identify the difference between teacher centered and student centered learning and the various pedagogies commonly associated with each This book will draw upon the research and experience of three different educators and their pedagogical variations and uses within the classroom and online Crumley s synopsis of pedagogies and student centered learning and suggested action is followed by a collaborative dialogue with Pamela Dietz and Sarah d Angelo

**Student-Centered Learning by Design** Jacquelyn Whiting, 2021-03-15 Current research is pushing schools to adopt more student centered approaches to the classroom experience and educators librarians and classroom teachers alike are being challenged to revise their curricula and instruction to be student centered personalized and differentiated This book empowers librarians teachers and administrators to be empathic problem solvers and decision makers By reframing the challenges that members of a learning community face as opportunities to better meet teaching and learning needs readers will find that adoption of a mindset focused on users namely design thinking elevates and creates opportunities for innovating pedagogy Moreover it can enhance school culture as well as build channels of communication among various stakeholders in schools and districts When educators of any subject or discipline apply design thinking skills to their curriculum implementation authentic student centered learning experiences become the core of the learning experience The case studies shared in this book provide examples of student centered approaches being used in elementary middle and high schools so that readers have many models on which to base their work and from which to build confidence in shifting their pedagogy to keep the student at the center of teaching and learning decisions

*Student-Centered Coaching* Diane Sweeney, 2010-11-19 Improve student outcomes with data driven coaching Student Centered Coaching is grounded on the premise that school based coaching can be designed to directly impact student learning Shifting the focus from fixing teachers to collaborating with them in designing instruction that targets for student achievement makes coaching more respectful and results based The book also

underscores the critical role of the principal in fostering a culture of learning Each chapter includes A model for designing and implementing student centered coaching Data driven coaching tools and techniques focused on student learning Specific practices for leading a student centered coaching effort **Resources in Education** ,1994
