THE PROJECT LEADER'S SECRET HANDBOOK

EDDIE OBENG

Infotech Solutions's project leader is angry. Really angry. So angry he has resigned. Why? Because he had to implement a major initiative and had failed. He had to change an entire organization's culture when they did not even understand what a culture was. They were just "too busy" to re-think the way they were operating.

Now he's in France on a holiday of indeterminate length. He's got time to ponder over what went wrong, how it could have been approached, but it is the mysterious French who has the real answer....
