An Encyclopædia of Freemasonry and Its Kindred Sciences ... Albert Gallatin Mackey, 1887 **The Moslem World** Samuel Marinus Zwemer, 1922 **Lectures on Comparative Religion** Arthur Anthony Macdonell, 1925 **Is Peaceful Coexistence Possible Between Christians and Muslims?** Samir Moura, 2022-11-24

The aim of the book is to examine the possibility for Christians and Muslims of different sects to live side by side in harmony taking into account the considerable development of the society and sciences since the advent of these two religions There are many similarities between the Bible and the Quran as Prophet Muhammad had knowledge of the Bible due to his contacts with the Christian Clergy and Jewish Rabbis Prophet Muhammad with his logical analytical mind discussed the different interpretations of the Evangels with Christians of different sects and later discussed the Torah with Jewish Rabbis in Yathrib Medina and reached certain conclusions that he expressed in a book revealed to him in Arabic language where he tried to correct the misinterpretations of the Bible by others to serve as a guide for his people An in depth reading of the Bible and the Quran reveals the difference in Prophet Muhammad s life in Mecca before the death of his first wife Khadija and her uncle the Arian Christian priest Waraka when he followed the Christian approach in peacefully calling for the belief in a Single God lead a monogamous life and after his migration to Medina where he had as neighbours the Jewish Rabbis Here the lifestyle of Prophet Muhammad witnessed a deep transformation thereafter emulating that of Israeli Prophets kings David and Solomon in his polygamous marriages and his wars to establish an earthly Muslim Arab State in sharp contrast with the Heavenly Kingdom preached by Jesus Christ In spite of the improvements entered into the Quran over those of the Torah the Quran remains a constitution that appropriated much of its components from Moses Law Even if the ideas In the Torah and the Quran were inspired by God the tools who revealed them to mankind were humane using the reasoning and language expression capabilities of human imperfect persons the level of their scientific knowledge and the traditions of their societies They were written with the level of writing skills of their time mostly from memories tens and hundreds of years after the death of Moses Jesus Christ and Muhammad

Hand copying these scriptures and translating them during centuries many mistakes must have occurred The above leads us to conclude that the Bible and the Quran cannot be literally the words of God Christians and Muslims should strive to interpret the Bible and the Quran basing their interpretation on reason logic and nowadays scientific knowledge and where necessary deleting the incorrect insertions As we cannot accept many rules of Moses s Law similarly we cannot accept the Quran s Shari a Law covering wars of conquest in Allah s name the notion that the Muslim Nation is the best nation killing the apostate payment of tribute by non Muslims plunder of women slavery polygamy inequality between men and women in tribunals and inheritance lashing adulterers cutting hands and feet Ignorance is the main cause of human misery

The QUR'AN and the CROSS John O'Brien,2020-01-01 Muslim reflection on the Cross is dominated by the notion of a substitute being crucified in Jesus place something never mentioned in the Qur an Reliant on repetition of decontextualized lexicographical readings it does scant justice to the spiritual depth and hermeneutical finesse of the Qur an Failing to note the ironic trope of the text it conceptualizes the supremacy of God in merely this worldly terms reducing divine mystery to the mythical and the banal Far from explaining Qur an 4 157 Substitutionism obscures and distorts it
