Hope Charlene Moorer, NCC LPC, 2022-08-25 Hope Heart of Peaceful Endurance A Godly Resilience In our ever evolving world where nefarious happenings are occurring regularly and positivity seems to be obscure we all seem to be searching for hope It is the possession we need and perhaps long for to encourage every passing day When things look impossible or in despair we have to build up our hope and lean on our faith Hope is a skill In this easy to read yet powerful book Charlene takes you through five practical steps on employing your hope skills There is exploration through subjective and dictionary definitions of hope before introducing the steps of this indistinct skill In addition we will journey through ways

that hope can be stolen and conversely how we can sustain or reinforce our hope through action even during trying times We are more resilient than we give ourselves credit By using Bible verses real life narratives constructive levity and pragmatic ingenuity the goal is to convey to the reader how to identify and utilize the hope steps how to prevent the enemy from stealing your hope why you have to watch your words or words spoken over you what the Bible has to say about hope how to look for the butterfly moments and pursue resilience how antagonistic feelings can affect your hope why hope is the link between faith and wellness where our hope comes from why you are worth it and being kind to yourself During tough times hope is not the easiest to hold on to However it is the best gift you can give yourself Be encouraged and allow God to minister to you Happy reading
