Devils Roundup:

Petroleum Age, 1919 *Devil's Gate* Tom Rea, 2012-03-01 Devil's Gate the name conjures difficult passage and portends a doubtful outcome In this eloquent and captivating narrative Tom Rea traces the history of the Sweetwater River valley in central Wyoming a remote place including Devil's Gate Independence Rock and other sites along a stretch of the Oregon Trail to show how ownership of a place can translate into owning its story Seemingly in the middle of nowhere Devil's Gate is the center of a landscape that threatens to shrink any inhabitants to insignificance except for one thing ownership of the land and the stories they choose to tell about it The static serenity of the once heavily traveled region masks a history of conflict Tom Sun an early rancher played a role here in the lynching of the only woman ever hanged in Wyoming The lynching was dismissed as swift frontier justice in the wake of cattle theft but Rea finds more complicated motives that involve land and water rights The Sun name was linked with the land for generations In the 1990s the Mormon Church purchased part of the Sun ranch to memorialize Martin's Cove as the site of handcart pioneers who froze to death in the valley in 1856 The treeless arid country around Devil's Gate seems too immense for ownership But stories run with the land People who own the land can own the stories at least for a time *Petroleum Magazine* R. B. Foster, J.L. Newman, 1921 *The Devil's Playground* John Mackie, 1894 *The Most Defiant Devil* Gregory J. Dehler, 2013-08-12 The late nineteenth and early twentieth century were a brutal time for American wildlife with many species pushed to the brink of extinction Some are endangered to this day And yet these decades also saw the dawn of the conservationist movement Into this contradictory era came William Temple Hornaday a larger than life dynamo who almost uncannily embodies these conflicting threads in our history In *The Most Defiant Devil* a compelling new biography of this complex figure Gregory Dehler explores the life of Hornaday the hunter museum builder zoologist author conservationist and anti Bolshevik crusader A deeply religious man he was nonetheless anything but peaceful and was racist even by his era's standards going so far as to display an Mbuti pygmy as a living specimen in a zoo A passionate hunter Hornaday killed thousands of animals including some of the last wild buffalo in America but he was far ahead of his time in his influential views on the protection of wildlife Hornaday designed and built the New York Zoological Park which became the Bronx Zoo and was chief taxidermist for what would later become the Smithsonian Museum of Natural History In this single fascinating individual we can discern some of the Progressive Era's most destructive forces and some of its most enlightened visions **Montana Geographic Names** Geological Survey (U.S.). this volume of specially commissioned essays was collected to celebrate Purcell's music in his tercentenary year. The essays are representative of the best recent research and deal mainly with the autograph manuscripts, Purcell's compositional technique, the relationship between Purcell and his teacher John Blow, a reassessment of Purcell's court odes, performance practice and wordsetting, and eighteenth-century reception history, particularly regarding King Arthur. The volume is well illustrated with music examples and photographs of important manuscripts. It also analyses Purcell's compositional techniques through detailed study of his manuscripts and reports on the discovery of two important autograph manuscripts. The book opens with an assessment of Purcell's elusive personality.
