The Cuban-American Experience Thomas D. Boswell, James R. Curtis, 1984 *The Immigrant Divide* Susan Eckstein, 2009-09-11 Are all immigrants from the same home country best understood as a homogeneous group of foreign born Or do they differ in their adaptation and transnational ties depending on when they emigrated and with what lived experiences Between Castro's rise to power in 1959 and the early twenty first century more than a million Cubans immigrated to the United States While it is widely known that Cuban migrants have exerted a strong hold on Washington policy toward their homeland Eckstein uncovers a fascinating paradox the recent arrivals although poor and politically weak have done more to transform their homeland than the influential and prosperous early exiles who have tried for half a century to bring the Castro regime to heel The impact of the so called New Cubans is an unintended consequence of the personal ties they maintain with family in Cuba ties the first arrivals oppose This historically grounded nuanced book offers a rare in depth analysis of Cuban immigrants social cultural economic and political adaptation their transformation of Miami into the northern most Latin American city and their cross border engagement and homeland impact Eckstein accordingly provides new insight into the lives of Cuban immigrants into Cuba in the post Soviet era and into how Washington's failed Cuba policy might be improved She also posits a new theory to deepen the understanding not merely of Cuban but of other immigrant group adaptation

America's Battle for Cuba's Freedom Gonzalo de Quesada, Henry Davenport Northrop, 1898

[Constructing Cuban America](#) Andrew Gomez, 2024-09-17 How Black and white Cubans navigated issues of race politics and identity during the post Civil War and early Jim Crow eras in South Florida On July 4 1876 during the centennial celebration of US independence the city of Key West was different from other cities In some of post Civil War Florida Black residents were hindered from participating in 4th of July festivities but Key West's celebration led by a Cuban revolutionary mayor working in concert with a city council composed of Afro Bahamians Cubans African Americans and Anglos represented a profound exercise in interracial democracy amid the Radical Reconstruction era *Constructing Cuban America* examines the first Cuban American communities in South Florida Key West and Tampa and how race played a central role in shaping the experiences of white and Black Cubans Andrew Gomez argues that factors such as the Cuban independence movement and Radical Reconstruction produced interracial communities of Cubans that worked alongside African Americans and Afro

Bahamians in Florida yielding several successes in interracial democratic representation even as they continued to wrestle with elements of racial separatism within the Cuban community. But the conclusion of the Cuban War of Independence and early Jim Crow laws led to a fracture in the Cuban American community. In the process both Black and white Cubans posited distinct visions of Cuban American identity. *Cuban Americans* James Stuart Olson, Judith E. Olson, 1995. In this insightful and fascinating survey of Cuban American settlement in the United States, James and Judith Olson look at the unique Cuban American identity still intact, highly visible and politically active, maintained by a people separated from their homeland by ideology and a mere 90 miles across the Straits of Florida. The Olsons point out that more so than any other U.S. ethnic group, Cuban Americans have achieved a remarkable degree of demographic concentration, primarily settling in the Miami area and have been among the most politically visible and the most economically successful of immigrant groups. Considering that in the early 1990s they were among the most recent arrivals to the United States, the Olsons take a chronological approach to Cuban immigration, covering the origins of a Cuban culture in America, the early Cuban American community here, Castro's 1955 revolution and reaction to it in Cuba and the United States, Cuban America in the 1950s, the Golden Exiles who entered the United States from 1959 to 1970, change and assimilation within the Cuban American community from 1970 to 1980, immigrants from the Mariel boatlift, and finally Cuban America in 1995. Today, the Olsons note, American corporations and Cuban American entrepreneurs stand poised to do business on the island; the minute Castro's stranglehold gives way, hotels, cruise lines, airline companies, cable television companies, and fast food franchises are ready to bring capitalism and American popular culture back to Cuba. In the meantime, culturally, economically, and politically rich and bustling Cuban American enclaves contribute to a unique hybrid heritage that may one day be returned to Cuba, but with a character distinctly its own.

Constructing Cuban America Andrew Gomez, 2024-09-17. On July 4th, 1876, during the centennial celebration of U.S. independence, the city of Key West held a different type of celebration. In some areas in post-Civil War Florida, Black residents were hindered from 4th of July festivities, which would lead to reflecting on the events of the Civil War. However, Key West's celebration, led by a Cuban revolutionary mayor working in concert with a city council composed of Afro-Bahamians, Cubans, African Americans, and Anglos, marked the centennial in the halls of an institution that boasted an interracial school and proudly hung a Cuban flag outside its building. Deep into the Radical Reconstruction era, this represented one of the most profound exercises in interracial democracy. Gomez explores how race shaped the first Cuban American communities in South Florida, specifically in Key West and Tampa, which were the locations of the first groups of Cuban Americans, with race being a central factor of unity and division during Radical Reconstruction, the Cuban independence movement, Jim Crow, and Cuba's 1912 Race War. While looking at factors such as ethnicity, gender, labor, and foreign policy, Gomez makes the argument that Cuban American interracial unity in the nineteenth century disintegrated due to the racism held by white Cuban Americans, which then led Black Cubans to organize with Florida's multiethnic Black communities.
