Google Absolutely 100% Free. Search Engine Optimization,2018-03-22 How To Rank 1 On Google There are ONLY TWO
WAYS to maintain Top Rankings on Google 1 Outspend your competition 2 Read This Book Nothing else works and why
should it Why does my website need SEO The majority of web traffic is driven by the major commercial search engines
Google Bing and Yahoo Although social media and other types of traffic can generate visits to your website search engines
are the primary method of navigation for most Internet users This is true whether your site provides content services
products information or just about anything else Search engines are unique in that they provide targeted traffic people
looking for what you offer Search engines are the roadways that make this happen If search engines cannot find your site or
add your content to their databases you miss out on incredible opportunities to drive traffic to your site Search queries the
words that users type into the search box carry extraordinary value Experience has shown that search engine traffic can
make or break an organization s success Targeted traffic to a website can provide publicity revenue and exposure like no
other channel of marketing Investing in SEO can have an exceptional rate of return compared to other types of marketing
and promotion Why can t the search engines figure out my site without SEO Search engines are smart but they still need
help The major engines are always working to improve their technology to crawl the web more deeply and return better
results to users However there is a limit to how search engines can operate Whereas the right SEO can net you thousands of
visitors and increased attention the wrong moves can hide or bury your site deep in the search results where visibility is
minimal In addition to making content available to search engines SEO also helps boost rankings so that content will be

placed where searchers will more readily find it The Internet is becoming increasingly competitive and those companies who perform SEO will have a decided advantage in visitors and customers SEARCH ENGINE OPTIMIZATION refers to the position at which a particular site appears in the results of a search engine query A site is said to have a high ranking I m going to go against all of the recent marketing trends with this Book If you are searching Google for things like 1 I need top search engine rankings 2 How can I get my website ranked at the top of Google 3 I want my website to get top ranking How do I do that AND you want to achieve that ranking in a cheap or affordable way IT ISN T GOING TO HAPPEN Want to know the truth that most SEO scammers and spammers COUNT ON to be able to deceive you and take your money At the same time do you want to know the truth that most people with top ranked websites DON T WANT YOU TO KNOW The ONLY way to gain a top ranked website these days is to RELATED SEARCHES how to do search engine optimization search engine optimization google search engine optimization tutorial search engine optimization techniques search engine optimization tools what is seo and how it works what is seo marketing SEO search engine list internet search engines types of search engine alternative search engines top 50 search engines uses of search engine google search engine search engine privacy google search engine download google search engine url default search engine google google site search login google search engine optimization google search website how to make google default search engine on chrome google search engine images Rank Tracking Best Online Software Supports all major search engines local search white label competitors Reliable SEO software Simple SEO software Online SEO software search engine ranking checker google ranking tool rank checker online google search ranking seo ranking search engine optimization 1 Outspend your competition 2 Read This Book Nothing else works and why should it [Local Seo](#) Tom Crandall,2016-11-17 Ever wonder how businesses rank locally when performing a Google Search I did so I set off on a mission to uncover a consistent method to help boost a business s local ranking In my very first publication Local SEO A Roadmap To Successful Local Ranking I am going to walk you through some of the best Local SEO techniques to get a business not only discovered locally but ranked Whenever you perform a Google Search Google s algorithm takes over and provides result listings that best match the criteria according to Google s page and domain ranking factors For those that don t quite understand ranking factors let me explain Each page and domain has a ranking value These are typically called Page and Domain Authority The higher the authority the higher the page will rank Google and other search engines determine a pages rank or authority based on various search metrics including content keywords number of backlinks age of the website title header tags images and so on For any given localized search the results are usually broken out by Paid Advertising Shown at the top and bottom of the listings Local Business listings Business listings from Google Maps Organic Search Results Everything else In this book Local SEO A Roadmap To Successful Local Ranking I am focusing on the Local Business Listings and how anyone using my methods can boost their local presence on the web A little bit about me My first experience with computers was on Christmas day when I opened up a game called

Pong It was one of the first TV computer games and at the time it was cutting edge Fast forward a bit and my dad bought an Atari 800 computer that I somehow convinced him was better than the Apple alternative Needless to say I used the Atari more than he did Fast forward a bit more and I was in college studying computer science When I graduated my first real job was programming expert systems That job only lasted a short while and then I became a System Analyst working on all sorts of Government Projects In 2008 I moved to a place called Austin and really got my feet wet designing websites for clients During that time I also became interested in all things SEO but never really got to flex my muscles It wasn't until 2016 that I found myself unemployed and wondering what I should do in life After countless resumes failed to get traction in the job market for positions I was interested in a realization hit me that maybe I don't need a company to work for but rather work for myself My wife Kathleen and our pug Olaf were very supportive of the idea So I started a company called <http://HangTenSEO.com> with the goal to help clients out rank their competition Along the way I also started writing articles on SEO best practices which were in many ways teaching moments for me In writing the articles I really had to understand the subjects I was writing about and how to use the techniques to get the best results [Local Seo](#) B.
