**The Creative Process** Scott R. Turner,2014-02-25 Someday computers will be artists They ll be able to write amusing and original stories invent and play games of unsurpassed complexity and inventiveness tell jokes and suffer writer s block But these things will require computers that can both achieve artistic goals and be creative Both capabilities are far from accomplished This book presents a theory of creativity that addresses some of the many hard problems which must be solved to build a creative computer It also presents an exploration of the kinds of goals and plans needed to write simple short stories These theories have been implemented in a computer program called MINSTREL which tells stories about King Arthur and his knights While far from being the silicon author of the future MINSTREL does illuminate many of the interesting and difficult issues involved in constructing a creative computer The results presented here should be of interest to at least three different groups of people Artificial intelligence researchers should find this work an interesting application of symbolic AI to the problems of story telling and creativity Psychologists interested in creativity and imagination should benefit from the attempt to build a detailed explicit model of the creative process Finally authors and others interested in how people write should find MINSTREL s model of the author level writing process thought provoking

MANUAL TO REBUILD YOUR LIFE Omar Villegas,2020-06-13 In times when the chaotic mind and the society designed to separate man from his divine nature come together there could be no other result than the very loss of that connection resulting in stress doubt violence depression and a host of negative emotions rooted in an increasingly dominant mind over the will of the human being and all this creating more emotions and consequent events that have made the human being believe that such is life and that it will always be so until his last day The human being has completely lost the conviction or the knowledge that his life should be beautiful that his life should be pretty he has in his mind false truths learned from the involutive culture of today reaching the point of not knowing that he does not know about his divine nature where there is no what currently composes his Me or Ego unknowns completely who he is within himself all the happiness and truth that he seeks is lost in the depths of his consciousness this book tries to help the human being to regain his harmony with the Existence
