Closing Chapter:

The Mandaean Book of John Charles G. Häberl, James F. McGrath, 2019-11-18 Given the degree of popular fascination with Gnostic religions it is surprising how few pay attention to the one such religion that has survived from antiquity until the present day Mandaeism Mandaean who esteem John the Baptist as the most famous adherent to their religion have in our time found themselves driven from their historic homelands by war and oppression Today they are a community in crisis but they provide us with unparalleled access to a library of ancient Gnostic scriptures as part of the living tradition that has sustained them across the centuries Gnostic texts such as these have caught popular interest in recent times as traditional assumptions about the original forms and cultural contexts of related religious traditions such as Judaism Christianity and Islam have been called into question However we can learn only so much from texts in isolation from their own contexts Mandaean literature uniquely allows us not only to increase our knowledge about Gnosticism and by extension all these other religions but also to observe the relationship between Gnostic texts rituals beliefs and living practices both historically and in the present day
