Dwight Pentecost,1971 *Answer to difficulties in the historical, didactic, sapiential and prophetic books of the O.T* John Thein,1900 *The Bible Has the Answer* Henry Madison Morris,1987 Addresses 155 questions about the Christian life doctrinal difficulties science Bible problems and other issues related to Christianity and the Bible and explains how people can learn the answers by studying the teachings of Christ *Answer to difficulties in the books of the New Testament* John Thein,1901 *Understanding People* Lawrence J. Crabb,Larry Crabb,1987 An alternative model for biblical counseling grounded on the authority of Scripture is given in this book It provides a framework for understanding people and their problems which emerges from the biblical teaching that we bear the image of God and that we are fallen **Biblical Counsel** ,1993 **A Handbook of Biblical Difficulties, Or, Reasonable Solutions of Perplexing Things in Sacred Scripture** Robert Tuck,1889 **Natural Theology and the Problem of Evil** Steven R. Lewis,2026-03-12 The problem of evil is among the most significant philosophical arguments posed against the existence of God Crucial to this argument is the premise that God on account of his divine moral perfection is necessarily constrained to prevent or mitigate evil whenever it is possible for him to do so Natural Theology and the Problem of Evil offers a unique resolution to this challenge by focusing first on the necessary truths of God s existence and nature via a systematic natural theology By starting with these first principles the theist is left with a confidence in God s existence and nature as omniscient omnipotent and perfectly good

sufficient to overcome the problem of evil The theistic foundations that emerge result in a denial of any moral obligation that God might have to intervene in a well ordered creation Thus God on account of his nature and attributes as well as the nature of evil and the natural operation of the world is under no moral constraint to always prevent evil in the manner required by the evidential argument and thus proposed instances of gratuitous evil are necessarily compatible with the existence of God
