Beyond The Color Line:

Against Race Paul Gilroy, 2000 He argues that the triumph of the image spells death to politics and reduces people to mere symbols BOOK JACKET

Beyond the Color Line Abigail Thernstrom, Stephan Thernstrom, 2013-09-01 Twenty five essays covering a range of areas from religion and immigration to family structure and crime examine America s changing racial and ethnic scene They clearly show that old civil rights strategies will not solve today s problems and offer a bold new civil rights agenda based on today s realities

America Behind the Color Line Henry Louis Gates, Alphonse Fletcher University Professor Chair of Afro-American Studies Director Henry Louis Gates, Jr. Jr., 2004 Examines four different elements of the African American experience as well as the legacy of the Civil Rights movement in a collection of essays based on interviews with Colin Powell Morgan Freeman Vernon Jordan and other notables

Thernstrom, Stephan Thernstrom, 2002 Race and ethnicity issues facing the citizens of the US are addressed by 25 scholars and writers Among the themes are private lives and public policies economics law education and politics Annotation copyrighted by Book News Inc Portland OR

Carolina Genesis Scott Withrow, 2010 Some Americans pretend that a watertight line separates the races But most know that millions of mixed heritage families crossed from one race to another over the past four centuries Every essay in this collection tells such a tale Each speaks with a different style and to different interests But taken together the seven articles paint a portrait unsurpassed in the literature of migrations challenges and triumphs over racial obstacles Stacy Webb tells of families of mixed ancestry who pioneered westward paths from the Carolinas into the colonial wilderness paths now known as Cumberland Road Natchez Trace Three Chopped Way and others They migrated not in search of wealth or exploration but to escape the injustice of America s hardening racial barrier Govinda Sanyal s astonishing research uses mtDNA markers to trace a single female lineage that winds its way through prehistoric Yemen North Africa Moorish Spain the Sephardic diaspora colonial Mexico and finally escapes the Inquisition by assimilating into a Native American tribe ending up in South Carolina He fleshes out the DNA thread with documented genealogy so we get to know their names their lives their struggles Cyndie Goins Hoelscher focuses on a specific family that scattered from the Carolinas One branch fled to Texas becoming friends with Sam Houston and participating in the founding of that state Other bands fought in the war of 1812 or migrated to Florida or the Gulf coast Nowadays Goins descendants can be found in nearly every state and are of nearly every race Scott Withrow the collection s editor concentrates on the saga of one individual of mixed ancestry Joseph Willis was born into a community of color in South Carolina He migrated to Louisiana was accepted as a White man founded one of the first churches in the area and became one of the region s best loved and most fondly remembered Christian ministers S Pony Hill recounts the historic struggles of South Carolina s Cheraw tribe in a reprint of Chapter 5 of his book *Strangers in Their Own Land* Marvin Jones tells the history of the Winton Triangle a section of North Carolina populated by successful families of mixed ancestry from colonial times until the mid 20th century They

fought for the Union founded schools built businesses and thrived through adversity until the civil rights movement of 1955 ended legal segregation K Paul Johnson traces the history of North Carolina s antebellum Quakers The once strong community dissolved as it grew morally opposed to slavery Those who stayed true to their faith migrated north Those who remained slaveowners left the church The worst stress was the Nat Turner event Its aftermath helped turn the previously permeable color line into the harsh endogamous barrier that exists today *Beyond the Color Line* David Tayler,2017-06-06 Twenty five essays covering a range of areas from religion and immigration to family structure and crime examine America s changing racial and ethnic scene They clearly show that old civil rights strategies will not solve today s problems and offer a bold new civil rights agenda based on today s realities *The Color Line: a History* Ethan Malveaux,2015-01-09 My book *The Color Line A History* is about how the ethnic biases of the European of Ancient Rome morphed into the racial prejudice of modern times through a process that was centuries in the making From the collapse of Ancient Rome to the rise of Christendom then to the discovery of the American continents through to the landmark Supreme Court decision of Plessy v Ferguson I will take the reader on a journey that will shatter preconceived notions of European and African relations The narrative strain of my comprehensive composition seeks to historically follow the advent of the color classifications of white and black by using primary and secondary sources to explain this social and psychological concept which still influences our world **Crossing the Color Line** Carina E. Ray,2015-10-15 Interracial sex mattered to the British colonial state in West Africa In *Crossing the Color Line* Carina E Ray goes beyond this fact to reveal how Ghanaians shaped and defined these powerfully charged relations The interplay between African and European perspectives and practices argues Ray transformed these relationships into key sites for consolidating colonial rule and for contesting its hierarchies of power With rigorous methodology and innovative analyses Ray brings Ghana and Britain into a single analytic frame to show how intimate relations between black men and white women in the metropole became deeply entangled with those between black women and white men in the colony in ways that were profoundly consequential Based on rich archival evidence and original interviews the book moves across different registers shifting from the micropolitics of individual disciplinary cases brought against colonial officers who kept local women to transatlantic networks of family empire and anticolonial resistance In this way Ray cuts to the heart of how interracial sex became a source of colonial anxiety and nationalist agitation during the first half of the twentieth century **The Crucial Race Question, Or, Where and how Shall the Color Line be Drawn** William Montgomery Brown,1907 **Encyclopedia of Race, Ethnicity, and Society** Richard T. Schaefer,2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society **Theorizing Race in the Americas** Juliet Hooker,2017-04-03 Four prominent nineteenth and twentieth century U S African American and Latin American intellectuals Frederick Douglass and Domingo F

Sarmiento and W E B Du Bois and Jos Vasconcelos have never been read alongside each other Although these thinkers addressed key political and philosophical issues in the Americas political theorists have yet to compare their ideas about race By juxtaposing these thinkers *Theorizing Race in the Americas* takes up the opportunity to bring African American and Latin American political thought into conversation and in turn maps a genealogy of racial theory throughout the hemisphere

From Behind the Veil Robert B. Stepto,1991 This pioneering study of Afro American narrative is far more critical historical and textual than biographical chronological and atextual Robert Stepto asserts that Afro American culture has its store of canonical stories or pregeneric myths the primary one being the quest for freedom and literacy This second edition includes a new preface and an afterward entitled *Distrust of the Reader in Afro American Narratives* **The Christian Advocate** ,1924 *Beyond the Color Line and the Iron Curtain* ,2009 *DIVRe* examines the relations between African Americans and the Soviet Union from a more transnational perspective and shows how these relations were crucial in the formation of Black modernism div **Frederick Douglass** Frederic May Holland,1891 **Republic** ,1873 *Hoffek V. Ryan* ,2001 **The Color Line: Legacy for the Twenty-First Century** John Hope Franklin,1993 *Linder V. Ryan* ,2001 Uphoff V. Ryan ,2001
