Between Two Rivers:

Between Two Rivers Moudhy Al-Rashid, 2025-02-20 I have never read a book on Mesopotamia that so beautifully brings to life the people themselves It melts away the sense of time A wonderful read TOM HOLLAND A tender moving and vivid history of ancient Mesopotamia and how it still speaks to us ROBERT MACFARLANE Fascinating and magnificent beautifully written and explained this book is a masterpiece GEORGE MONBIOT Ancient Mesopotamia comes alive in Moudhy Al Rashid s must read millennia spanning history spellbinding NEW SCIENTIST Thousands of years ago in a part of the world we now call ancient Mesopotamia people began writing things down for the very first time What they left behind in a vast region between the Tigris and Euphrates rivers preserves leaps in human ingenuity like the earliest depiction of a wheel and the first approximation of pi But they also capture breathtakingly intimate raw and relatable moments like a dog s paw prints as it accidentally stepped into fresh clay or the imprint of a child s teeth In *Between Two Rivers* historian Dr Moudhy Al Rashid reveals what these ancient people chose to record about their lives allowing us to brush hands with them millennia later We find a lullaby to soothe a baby instructions for exorcising a ghost countless receipts for beer and the adorable messy writing of preschoolers We meet an enslaved person negotiating their freedom an astronomer tracing the movement of the planets a princess who may have created the world s first museum and a working mother struggling with the juggle in 1900 BCE Together these fragments illuminate not just the history of Mesopotamia but the story of how history was made *Between Two Rivers* Ronald H. Stone, 2015-07-16 *Between Two Rivers* chronicles the life of noted scholar of religion politics and philosophy Ronald H Stone From his childhood between the East and West banks of the Des Moines River through graduate work in New York between the Hudson and the East Rivers through his scholarly career and retirement in Pittsburgh between the Allegheny and Monongahela Rivers the book highlights Stone s focus on Christian social ethics and his prolific writing in the area The book includes unique insights into some of the renowned scholars Stone worked with closely including Reinhold Niebuhr and Paul Tillich and it discusses Stone s scholarship on the relationship between religion and politics **The Land between Two Rivers** Thomas D. Petter, 2014-02-25 A survey of recent scholarship shows that historians who are skeptical about any real history of early Israel have disparaged the idea that Israel had an early presence in Transjordan This skeptical stance however is by no means shared by everyone Cross for instance asserted that the tribe of Reuben was a catalyst for Yahwism in the period preceding the rise of kings in Israel and Transjordan in the 10th 9th centuries B C Weaving together biblical extrabiblical and archaeological data available to him at the time 1988 Cross demonstrated the reality of an early Israelite presence in Transjordan Ongoing excavations at Tall al Umayri the type site for the Late Bronze Iron I transition in the region bounded by the Wadi Zarqa in the north and the Wadi Mujib in the south and at Tall Madaba which had an early Iron I settlement now confirm a tribal presence in these Transjordanian areas during the early Iron I By bringing together applicable anthropological research and relevant biblical extrabiblical and archaeological

data Petter outlines a context driven interpretive framework within which to plot tribal ethnic expressions in the past From the perspective of the longue dur e we can see that frontier regions tend to exhibit episodic changes of hand competing sides claimed legitimate ownership sometimes by way of making the gods owners of the land
