Beyond Retribution Rama Mani,2002 **Beyond Retribution** Christopher D. Marshall,2001-06-08 Recently a growing number of Christians have actively promoted the concept of restorative justice and attempted to develop programs for dealing with crime based on restorative principles But is this approach truly consistent with the teaching of Scripture To date very little has been done to test this claim Beyond Retribution fills a gap by plumbing the New Testament on the topics of crime justice and punishment Christopher Marshall first explores the problems involved in applying ethical teachings from the New Testament to mainstream society He then surveys the extent to which the New Testament addresses criminal justice issues looking in particular at the concept of the justice of God in the teachings of Paul and Jesus He also examines the topic of punishment reviewing the debate in social thinking over the ethics and purpose of punishment including capital punishment and he advocates a new concept of restorative punishment The result of this engaging work is a biblically based challenge to imitate the way of Christ in dealing with both victims and offenders **Grace beyond the Grave** Stephen Jonathan,2014-05-19 Grace beyond the Grave explores the possibility of the opportunity for repentance and salvation on the other side of the grave Stephen Jonathan pastor and theologian explores posthumous salvation as a viable evangelical alternative to the traditional view that death ends all possibility of salvation doing so with humanity integrity and devotion to Scripture Jonathan is not dissuaded from asking provocative questions for fear of being thought unorthodox While scholarly Grace beyond the Grave will be of benefit to pastors theological students and lay people alike During nearly three decades of a teaching ministry Jonathan became increasingly conscious that the common mechanical answers to the more pressing questions are often inadequate and need revisiting Grace beyond the Grave will both unsettle the theologically comfortable and reassure the open minded in equal measure **The Rush for Black Diamonds, Volume Two** George Walters-Sleyon,2025-11-18 The Rush for Black Diamonds Volume Two demonstrates the need for a Reform Prison Theology and a Holistic Penal Ethics in the United States and the United Kingdom England and Wales and Scotland As a descriptive analytic and prescriptive engagement it contends that colonialism and penal slavery are the modern vestiges of the transatlantic slave trade and the institution of chattel slavery also made possible by the Thirteenth Amendment of the US Constitution This book explores the transition from the institution of chattel slavery to colonialism and penal slavery prior to and after 1970 by the superpowers of the transatlantic slave trade including the US France and the UK It shows the intersections of the economic and racial influences of chattel slavery the Black Codes the preservation of the cult of White supremacy on the development of the post 1970 penal industries and their collateral effects of the high rates of prisoner deaths in the US and the UK Like John Locke and Thomas Jefferson Volume Two argues that Immanuel Kant provided the most concise philosophical claims for the emergence of the cult of White supremacy and its militant preservation through the Invisible Empire of the Ku Klux Klan against Black humanity **Once Loved Always Loved** Andrew Hronich,2023-02-23 In

this book Andrew Hronich endeavors to synthesize the many strands of orthodox doctrine into a single telos ultimate reconciliation While a great deal of ink has already been spilled on this subject this book addresses ponderances previously overlooked due to a lack of ecumenical dialogue between the differing streams of Christian tradition Ancient lights such as Origen Gregory of Nyssa and Clement of Alexandria are given a voice to speak again to the masses whilst contemporary thinkers such as Thomas Talbott David Bentley Hart and Eric Reitan are unleashed upon the unwitting world of Christian philosophy Stagnant tradition has hindered the church from abiding by its historic motto *semper reformanda* but with its ecumenical voice this book calls on Protestants Catholics and Orthodox adherents alike to acknowledge *apokatastasis panton* the salvation of all beings as the orthodoxy it always has been

Beyond Justice Varunaj Churnai,2018-07-31 In recent decades scholars have tended to interpret what Job says about death in one of two ways They interpret it either as part of the broader reading of death in the Old Testament or by imposing Ancient Near Eastern mythological concepts upon the text disregarding its nature as part of the Old Testament s wisdom tradition Varunaj Churnai attempts to redress the latter interpretation and treats the book of Job and its development and understanding of death contextually Churnai specifically looks at how Job presents the two faces of God God s wrathful face and God s gracious face *Beyond Justice* demonstrates that the retribution principle allows humans to know the hidden God as it illuminates the relationship between individual and Creator Through Job s experiences and heartfelt outpouring of his soul before both God s wrathful face and God s gracious face we can know God more fully Churnai shows how these faces of God are reconciled in the two divine speeches of YHWH which invite both Job and the reader to move beyond retribution theology to trust in the graciousness of God

Overcoming Toxic Emotions Raymond Olusesan Aina,2022-07-06 *Overcoming Toxic Emotions* is a compelling theme to enrich the restorative justice literature on the complex tasks of relational repair in a transitional society With its emphasis on the centrality of rebuilding trust and renewing the mode of being together this book is an innovative addition to the literature on justice in transitional societies It offers an original assessment of the Nigerian experience of restorative justice in peacebuilding This genuinely theological work opens new perspectives for a more adequate understanding of the Christian contribution to peacebuilding and the secular debate on restorative justice Yet the author expresses himself as an African theologian paying attention to the specific context of the problems about transitional justice and integrating spontaneously the wisdom of his dual cultures Yoruba and Christianity With its attentiveness to victim perspectives the book engages the traditional notion of divine omnipotence and vulnerability The book rejects the notion of the fetish omnipotent God It opts instead for an image of God as vulnerable yet powerful in love compelling inspiring and rallying us

Joseph Agar Beet,1892 **Kinesis** ,2003 **Beyond Blood and Coercion** Yves Winter,2009 This dissertation investigates and criticizes two common assumptions about violence in contemporary political theory and philosophy that violence is mute and that it is instrumental Through close readings of the works of Niccol Machiavelli Karl Marx and Friedrich Engels I argue that political violence has a semiotic character that it involves the production of signs and meanings These signs and meanings are not peripheral but central to the operations of political violence because the political effectiveness of violence is partially determined by its representation Practices of representation regulate how political violence is received and understood by an audience which is why political violence cannot be explained by reference to institutions alone Rather it must be interpreted in the context of these practices of representation It calls therefore for a critical hermeneutic attentive to how meanings and signs circulate beyond violence s narrowly functional and instrumental dimensions and beyond the control of violence s wielders My readings offer a model for such an interpretive approach for a critical hermeneutic that accounts for the semiotic aspects inherent in practices of political violence My textual analyses ask how modes of representation and visibility organize particular formations of violence and produce political effects By tracing the disseminations and dispersals of violence in Machiavelli s and Marx s texts I challenge the conventionla classification that separates political from non political violence and I raise the question of what makes violence recognizable as political A Philosophic Study of Tolstoy
