combat corruption American Paradise Jon Huer,2010-06-05 The way we live work and die alone and with other
Americans have so many hidden layers that we might as well say that there are two Americas one we think we know and the
other virtually unknown to us Such a thought is compelling enough to motivate a sociologist to start writing down what he
thinks about the hidden America Then what emerges from this effort is a picture of America that is at once so familiar and so
alien It is the alien part of America that troubles us that scares us and that pushes us to escape into louder more colorful and
more pleasant unreality As our escapism becomes more urgent each day so does its testimony to the emptiness and
loneliness of our solitary existence Huer discusses this alien part of America in *American Paradise* *The Architecture of
