The Cosmic Doctrine Dion Fortune,2000-01-15 Over seventy two years ago beginning at the Vernal Equinox in Glastonbury Fortune started receiving communications from the Inner Planes concerning the creation of the universe the evolution of humanity natural law the evolution of consciousness and the nature of mind This is her record in a revised edition and includes previously unpublished material that is still relevant today [A Commentary on 'The Cosmic Doctrine'](#)

John Michael Greer,2023-03-28 A fascinating analysis of the most important work of occult philosophy in the 20th Century Dion Fortune s The Cosmic Doctrine is a foundational text which has been required reading for students of the occult since it was first published in 1956 In it she attempts to explain the meaning and evolution of the cosmos from the first beginnings to our lives today However the The Cosmic Doctrine isn t an easy book to read It s conciseness makes it hard going for every sentence requires close attention but the challenge it offers to its readers goes well beyond this In a phrase that has become famous in occult circles since its publication The Cosmic Doctrine is intended to train the mind not to inform it it attempts to communicate to the reader an unfamiliar way of thinking and so a great deal of patience and hard work are required to grasp what it has to say Some of the difficulties however can be smoothed out by reframing and rephrasing the ideas Fortune presents and this is what this book aims to do John Michael Greer provides a learned and elucidating commentary on this classic text to allow students and teachers alike to more easily digest and understand this fantastic book [Dion Fortune's The Cosmic Doctrine](#)

and Jungian Archetypes **The Philosophy and Practice of Polarity Magic** John Michael Greer,2024-10-29 An exploration of a system of magical practice which works through the sublimation of erotic energies between two or more people Polarity magic is a concept of occult study that is often shrouded in complexity and confusion Now established author John Michael Greer explains its place in Western ceremonial tradition providing a guidebook to using polarity magic a powerful effective and balanced way of working magic in order to enhance and deepen magical practice Polarity magic does not involve sexual intercourse but rather relies on the movements of the ether the force behind life itself which people experience during sexual or emotional attraction When these movements follow their natural course to the material plane they result in sex or childbirth When redirected to less material more spiritual planes however they produce magical and powerful results The book covers a broad expanse of expertly researched information laid out in a clear and accessible prose It ranges from an introduction to the history of polarity magic situations polarity magic in the macrocosm and microcosm information on how to prepare for polarity magic the practice of both basic and advanced polarity magic as well as mass polarity magic The Philosophy and Practice of Polarity Magic is an invaluable tool for practitioners of ceremonial magic wanting to explore the fascinating workings of polarity magic Experience of the Inner Worlds Gareth Knight,2010 Originally published in 1975 Experience of the Inner Worlds is a classic magical textbook of the Western Mystery Tradition Covering a wide range of topics within a Christian oriented Qabalistic framework Gareth Knight explains the difference between magic and mysticism natural and revealed religion monism and theism He also covers the practicalities examining methods of inner plane communication contact with the Masters the consciousness approach of Carl Jung the vision of Dante and the archetypal power of the Hebrew alphabet all within the context of the Qabalistic Tree of Life The book also contains powerful visualisation exercises and examples of communication with angelic and elemental contacts While this book can be used as a course of self instruction it is also an important modern reference book of magical theory and practice and has been used for decades by students of Western Qabalah and magic **Revolutionaries of the Soul** Gary Lachman,2014-09-30 Explorers of occult mysteries and the edges of consciousness change the way we view not only the nature of reality but also our deepest sense of self Insightful author Gary Lachman presents punchy enlightening and intriguing biographies of some of the most influential esoteric luminaries in recent history His 16 subjects include Swedish mystical scientist Emanuel Swedenborg H P Blavatsky Russian cofounder of the Theosophical Society Austrian philosopher Rudolf Steiner who inspired the Waldorf School of education Swiss visionary C G Jung founder of depth psychology notorious English ceremonial magician Aleister Crowley Russian esotericist P D Ouspensky explicator of Gurdjieff s early works and British psychic artist Dion Fortune who was influential in the modern revival of magical arts **The Socialist Review** ,1910 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1916 The Fortnightly Review ,1875 *A Dictionary of the Bible: A-Feasts* James Hastings,1901 **SIGURD ROY SNELLING**,2014-11-11 Human culture from

around the World contains many myths that attempt to explain such things as the creation of the Universe the Sun planets Moon and the Earth the existence and role of gods and goddesses nature spirits rites of passage for young people and the hero overcoming evil Both Freud and Jung have stated that these Myths have existed from time immemorial In the above book one myth well known from European culture the Germanic myth of the life of Sigurd Norse or Siegfried Frankish has been chosen for examination Rejecting the statement by Freud and Jung the myth is traced back to the end of Atlantis a time when a few uncorrupted spiritual leaders realised that they would have to enshrine important knowledge about Man s relationship with the Cosmos with their own society and with understanding the make up of their own nature in storey formats These myths had to be such that trained bards or Skalds could remember them and pass them down from generation to generation after surviving the coming cataclysm Storeys that would survive centuries of wandering hunter gatherers until some day in the future a new civilization could deconstruct these myths for the benefit of their peoples The book starts by examining the arrival of Spiritual Man Adam who as a collective spiritual being of Divine Sparks incarnates into Earth s Gaia s Eve s physical human Cro Magnon Man at a time when this race had occupied the lands of Lemuria in the Pacific about 80 000 years ago The book traces the slow descent fall of Man s consciousness into physical form with the concurrent loss of psychic sensitivity through Lemuria and Atlantis until the eventual destruction of the latter The nature of archetypal elements common in hero myths is Myth itself This is then de constructed piecemeal so that the reader can understand the individual elements of the Myth The nature of evil in the World is then investigated and the presence of a false god that has been misleading Humanity a god that makes the hero path potentially very dangerous This revelation is potentially explosive and will disturb many people raised in the conventional religions The book then explores what the lessons of the hero myth mean to us today As we move into the New Age everything in the World around us is changing Courageous men and women are needed now more than ever to tread the hero path of discipleship to help steer Humanity away from the old structures that are holding Humanity back in its evolution
