multiculturalism reinforce the very hegemonic practices and paradigms that multicultural counseling and psychology
approaches were created to correct In Decolonizing Multicultural Counseling through Social Justice counseling and

infrastructure of dominance in society as well as by challenging ourselves as practitioners scholars and activists to rethink
our commitments The authors analyze the ways well meaning clinicians might marginalize clients and contribute to
structural inequities despite multicultural or cross cultural training and offer new frameworks and skills to replace the
essentializing and stereotyping practices that are widespread in the field By addressing the power imbalances embedded in
key areas of multicultural theory and practice contributors present innovative methods for revising research paradigms
