Counselling For Family Problems:

Counselling for Family Problems Dr Eddy Street,1994-04-13 In the course of their daily practice counsellors in a wide variety of caring agencies often need to assist families in dealing with the problems they face Eddy Street defines successful family counselling as a combination of a number of elements He argues that it should be in keeping with a family s strengths and style offer empathic listening to each family member maintain a perspective of the changing nature of family life focus on clear and open communication and deal in a problem solving manner with the task in hand He takes the reader step by step through these elements outlining the necessary skills and provides a clear understanding of the processes families have to go through in order to deal with the tasks that are set for them *A School Counsellor Casebook* Vikram Patel,Lisa

Aronson,Gauri Divan,2013 The school years tend to be the healthiest period of life but it is also when mental health problems often begin or become more apparent due in part to the challenges posed by unique educational and socialization expectations and physical and psychological developmental changes The majority of youth negotiate these challenges well drawing upon a range of resources to see them through innate reserves of resilience healthy coping strategies and supportive school and home environments But every now and then a young person falters and stumbles Gentle support and guidance informed by knowledge and skills can make all the difference for the troubled youth Providing this informed support and guidance is the role of the school counsellor This casebook is intended to provide a solid foundation for counselling practice in schools This is an accessible guide training tool and resource for school counsellors educational and clinical psychologists school teachers social workers and other health professionals working in all countries to provide services to schoolgoing youth **Breaking The Cycle Of Educational Alienation: A Multiprofessional Approach**

Williams, Richard,Pritchard, Colin,2006-05-01 Truancy delinquency and school exclusion pose major challenges to the drive to promote social inclusion and raise standards for all Many children who are truants or become excluded from school have inherited a sense of educational alienation from their parents whose own negative perceptions of the education system make it difficult for them to collaborate with the school In this groundbreaking book the authors show how the cycle of educational alienation can be broken to enable parents and schools to work together to contribute to children s educational social and emotional well being They illustrate this by exploring a highly successful initiative in a school with severe socio economic disadvantages which in conjunction with a school based social work service developed an effective family teacher community alliance They demonstrate the substantial improvements that such a multiprofessional approach can bring about in reducing truancy delinquency and exclusion and helping children to become positive fulfilled and included members of their schools and communities *Breaking the Cycle of Educational Alienation* is key reading for teachers and trainee teachers child psychologists educational psychologists and social workers whose task it is to ensure that Every Child Matters
