**The Messenger** ,1918 **Secrets of the Threshold** Rudolf Steiner,1987-06 10 lectures Vienna June 1 11 1922 CW 83 This challenging set of lectures attempts to lift the veil from modern social and spiritual problems as experienced in the contrasts between East and West By ascribing to human thinking only a shadowy subjective validity modern science tries to invalidate the very faculty that gives us our human dignity At the same time however this unreality of thought images makes possible an inner freedom that scientific doctrine tends to deny in principle The need arises from these contradictions to extend the limits of ordinary scientific thinking to new investigative faculties In

part one Anthroposophy and the Sciences Rudolf Steiner explains that this can be achieved in a healthy way through two kinds of meditative exercises very different in character from yoga and asceticism and other older paths to higher knowledge These disciplines lead to the discovery of a paradoxical truth If you would know yourself look into the world If you would know the world look into your self The spiritual scientific philosophy thus presented provides a framework within which the second half of the book Anthroposophy and Sociology considers how a healthy social life can be understood and shaped Today the old social instincts of humanity have grown uncertain and the rational intellect is proving unsuited to comprehend and foster a humane social life While admitting that we are only beginning to discover the right relationship between individual and community Steiner describes how a conscious spiritual life is able to give the same social certainties as did the earlier instinctive life He then explains how we might find a way from our highly developed sense of personal self into the worldwide social organism This volume is a translation of Westliche und stliche Weltgegensatzlichkeit Wege zu ihrer Verstandigung durch Anthroposophie **Athens, Arden, Jerusalem** Kate Havard, Paul T. Wilford, 2017-10-13 This collection of essays aims to explore fundamental questions about God human nature and political life through careful readings of the Greek poets the Hebrew Bible and Shakespeare The volume investigates the abiding tension between the Hebraic and the Hellenic dimensions of the Western soul through an examination of profound literary philosophic and theological reflections on topics as various as friendship marriage tyranny sovereignty sin forgiveness comedy tragedy and contemplation Offered in honor of Mera J Flaumenhaft the essays reflect the intellectual rigor moral seriousness and disciplined imagination of her scholarship and teaching University of California Publications in English University of California (1868-1952), 1929 *Essays in Criticism*, 1929 **Theatre Arts Monthly**, 1924 **God Without Thunder** John Crowe Ransom, 1930 **Essays in Criticism** University of California, Berkeley.
