Motherhood of the Church Henri de Lubac,1982 Priests are called Father and the Church is called Mother Our Holy Mother the Church is a traditional way of speaking among Catholics But are these outdated sentimental expressions Or do they express a deep insight into the nature of the Church as a whole and of ordained ministry in relation to the Church Is there a genuine theological meaning to the traditional reference to the Church as she Henri de Lubac addresses such questions with his usual profound erudition He deeply mines the Christian tradition in examining the Motherhood of the Church Focusing on the Church s Motherhood allows this great theologian to unite two profound truths the Church is the Bride of Christ and the Church is Christ s Mystical Body As de Lubac shows the Church cannot be rightly considered apart from Christ and his saving work both of which should be understood in light of the mystery of the Church s maternity

Why on Earth Are There Churches? Michael R. Privett, 2012-08-21 After years of observation I have concluded that so many local churches function without regard to their God given biblical mission and objectives because of their unclear mission their unbiblical targets or their unbalanced objectives The Lord God has already given His church a clearly defined mission for the present age Yet so many local churches seem to function without understanding their biblical mission their God directed reason for existence while other local churches and their leaders have revised or even compromised their God given mission thinking that they know better than God Some churches disband Sunday school dismantle the choir and disassemble pews only to replace them with other programs and ideas that will become traditional soon enough Traditions customs and worship styles vary from culture to culture and from generation to generation I've been in the gospel ministry long enough to have seen the pendulum swing back and forth a time or two So many ministries programs concepts and styles are not new but just repackaged Today's new fresh blended methods will become traditional to the next generation after a short period of time Too often we are more involved in following the latest fad than we are in striving to do all to the glory of God What really matters is whether you have presented a true and accurate opinion and view of the nature and character of God so that others will praise and exalt Him to His worthy place of honor esteem and excellence
