Henry James. An Alien's "History" of America Martha Banta,2016 Martha Banta s Henry James An Alien s History of America is the product of a lifetime of thinking about James and his odd but oddly productive relation to the land of his birth A biography of an autobiography it serves as a peripatetic history of the central cross currents and intersections between Europe and America memory and history romance and realism These diverse elements structure James s channeling of his own experience as a displaced or alienated American into a variety of genres memoirs and travel writing novels and tales letters and literary criticism social and cultural commentary Together they constitute the never completed novel of his ongoing autobiographical project In its masterful weaving together of materials text and time frames Henry James An Alien s History of America moves fluidly back and forth over the intricate tapestry of James s life and texts It identifies and analyzes key moments words and tropes that echo across the years tracing the instances of repetition reversal self revelation and revision that underwrite this life record This study represents a major advance over conventional sometimes oversimplified readings of James s international theme His attitudes about both Europe and America emerge here in their full complexity and contradictoriness The breadth and depth of Banta s knowledge of James and of the historical America from which he emerged and which he never ceased to engage however ambivalently will make this a rich reading experience for general readers as well as scholars David McWhirter editor of Henry James s New York Edition *The Construction of Authorship and Henry James in Context* A Walk in Alien Corn Lar Redmond,1990 **The Alien Corn** Charles A. or otherwise of ideas and beliefs we may have always been told are true but which on closer examination may not be For example Did Winston Churchill coin the term Iron Curtain OK is an American expression right Tulips come from Holland don't they Did Sarah Palin say I can see Russia from my house The subjects covered in this highly entertaining book are diverse ranging from politics science and social history to language music and the natural world Max Cryer approaches each with an open mind seeking to uncover the truth behind some of our most cherished beliefs Be prepared for surprises

Four Biblical Heroines and the Case for Female Authorship Hillel I. Millgram,2015-03-21 This work examines the lives of four female characters in the Bible Naomi Ruth Tamar and Esther Their stories differ significantly from those of most female Biblical characters in that each woman is depicted without a dominant male companion and each is featured in the Bible's more secular texts The author evaluates each character's role as a female protagonist and demonstrates how each story represents an innovative view of religion and a revisionist evaluation of women's roles Finally the author proposes that these narratives may have been authored by women Appendices provide additional information about Boaz Judah and Tamar Greek versions of the Book of Esther Mordecai's decree and literacy in ancient Israel Includes a glossary and timeline
