**Caribbean Transformations** Arthur H. Niehoff, Sidney W. Mintz, 2017-09-04 Contact and clash amalgamation and accommodation resistance and change have marked the history of the Caribbean islands It is a unique region where people under the stress of slavery had to improvise invent and literally create forms of human association through which their pasts and the symbolic interpretation of their present could be structured Caribbean Transformations is divided into three major parts each preceded by a brief introductory chapter Part One begins with a look at the African antecedents of the Caribbean then discusses slavery and the plantation system Two chapters deal with slavery and forced labor in Puerto Rico and the history of a Puerto Rican plantation Part Two is concerned with the rise of a Caribbean peasantry the erstwhile slaves who separated themselves from the plantation system on small plots of land This creative adaptation led to the growth of a class of rural landowners producing a large part of their own subsistence but also selling to and buying from wider markets Mintz first discusses the origins of reconstructed peasantries and then proceeds to the specifics of the origins and history of the peasantry in Jamaica Part Three turns to Caribbean nationhood the political and economic forces that affected its shaping and the social structure of its component societies A separate chapter details the case of Haiti The book ends with a critique of the implications of Caribbean nationhood from an anthropological perspective stressing the ways that class color and other social dimensions continue to play important parts in the organization of Caribbean societies Caribbean Transformations lucidly written and presenting broad coverage of both time and space is essential reading for anthropologists sociologists historians and all others interested in the Caribbean in black studies in colonial problems in the relationships between colonial areas and the imperial powers and in culture change generally

**Caribbean Transformations** Sidney W. Mintz, 1989 Contact and clash amalgamation and accommodation resistance and change have marked the history of the Caribbean islands It is a unique region where people under the stress of slavery had to improvise invent and literally create forms of human association through which their pasts and the symbolic interpretation of their present could be structured Caribbean Transformations is divided into three major parts each preceded by a brief introductory chapter Part One begins with a look at the African antecedents of the Caribbean then discusses slavery and the plantation system Two chapters deal with slavery and forced labor in Puerto Rico and the history of a Puerto Rican plantation Part Two is concerned with the rise of a Caribbean peasantry the erstwhile slaves who separated themselves from the plantation system on small plots of land This creative adaptation led to the growth of a class of rural landowners producing a large part of their own subsistence but also selling to and buying from wider markets Mintz first discusses the origins of reconstructed peasantries and then proceeds to the specifics of the origins and history of the peasantry in Jamaica Part Three turns to Caribbean nationhood the political and economic forces that affected its shaping and the social structure of its component societies A separate chapter details the case of Haiti The book ends with a critique of the implications of Caribbean nationhood from an anthropological

perspective stressing the ways that class color and other social dimensions continue to play important parts in the organization of Caribbean societies

**Caribbean Transformations** Sidney Wilfred Mintz, 1974 Contact and clash amalgamation and accommodation resistance and change have marked the history of the Caribbean islands It is a unique region where people under the stress of slavery had to improvise invent and literally create forms of human association through which their pasts and the symbolic interpretation of their present could be structured Caribbean Transformations is divided into three major parts each preceded by a brief introductory chapter Part One begins with a look at the African antecedents of the Caribbean then discusses slavery and the plantation system Two chapters deal with slavery and forced labor in Puerto Rico and the history of a Puerto Rican plantation Part Two is concerned with the rise of a Caribbean peasantry the erstwhile slaves who separated themselves from the plantation system on small plots of land This creative adaptation led to the growth of a class of rural landowners producing a large part of their own subsistence but also selling to and buying from wider markets Mintz first discusses the origins of reconstructed peasantries and then proceeds to the specifics of the origins and history of the peasantry in Jamaica Part Three turns to Caribbean nationhood the political and economic forces that affected its shaping and the social structure of its component societies A separate chapter details the case of Haiti The book ends with a critique of the implications of Caribbean nationhood from an anthropological perspective stressing the ways that class color and other social dimensions continue to play important parts in the organization of Caribbean societies Caribbean Transformations lucidly written and presenting broad coverage of both time and space is essential reading for anthropologists sociologists historians and all others interested in the Caribbean in black studies in colonial problems in the relationships between colonial areas and the imperial powers and in culture change generally

Provided by publisher **Caribbean Transformations** Sidney Wilfred Mintz, 1984 Black Identities Mary C.

Waters, 2009-07-01 The story of West Indian immigrants to the United States is considered a great success Many of these adoptive citizens have prospered including General Colin Powell But Mary Waters tells a very different story about immigrants from the West Indies especially their children She finds that when the immigrants first arrive their knowledge of English their skills and contacts their self respect and their optimistic assessment of American race relations facilitate their integration into the American economic structure Over time however the realities of American race relations begin to swamp their positive cultural values Persistent blatant racial discrimination soon undermines the openness to whites the immigrants have when they first arrive Discrimination in housing channels them into neighborhoods with inadequate city services and high crime rates Inferior public schools undermine their hopes for their children's future Low wages and poor working conditions are no longer attractive for their children who use American and not Caribbean standards to measure success Ultimately the values that gained these first generation immigrants initial success a willingness to work hard a lack of attention to racism a desire for education an incentive to save are undermined by the realities of life in the United States In

many families the hard won relative success of the parents is followed by the downward slide of their children Contrary to long held beliefs Waters finds those who resist Americanization are most likely to succeed economically especially in the second generation

**Encountering Kali** Rachel Fell McDermott, Jeffrey John Kripal, 2005-01-01 Encountering Kali explores one of the most remarkable divinities the world has seen The Hindu goddess Kali is simultaneously understood as a blood thirsty warrior a deity of ritual possession a tantric sexual partner and an all loving compassionate mother Popular and scholarly interest in her has been on the rise in the west in recent years Responding to this phenomenon McDermott and Kripal's volume focuses on the complexities involved in interpreting Kali in both her indigenous south Asian settings and her more recent Western incarnation Through the shifting lenses of scriptural history temple architecture political reflection and the goddess's recent guises on the Internet the contributors pose questions that illuminate our understanding of Kali while addressing the problems and promises inherent in every act of cross cultural interpretation

**The Oxford Handbook of Humanism** Anthony B. Pinn, 2021-07-27 As a system of thought that values human needs and experiences over supernatural concerns humanism has gained greater attention amid the rapidly shifting demographics of religious communities This outlook has taken on global dimensions with activists artists and thinkers forming a humanistic response not only to religion but to the pressing social and political issues of the 21st century The Oxford Handbook of Humanism aims to explore the subject by analyzing its history its philosophical development and its influence on culture It will also discuss humanism as a global phenomenon an approach that has often been neglected in more Western focused works

**The Slaves' Economy** Ira Berlin, Philip D. Morgan, 2016-01-20 Slaves achieved a degree of economic independence producing food tending cash crops raising livestock manufacturing furnished goods marketing their own products consuming and saving the proceeds and bequeathing property to their descendants The editors of this volume contend that the legacy of slavery cannot be understood without a full appreciation of the slaves economy

**Slave Women in the New World** Marietta Morrissey, 1989 *Centro Journal*, 1996 *LEGIT ACTS ILLEG ENC* Mindie Lazarus-Black, 1994-06-17 Legitimate Acts and Illegal Encounters examines three hundred years of social life on the Caribbean islands of Antigua and Barbuda to demonstrate the importance of law and the state in the creation of West Indian societies Moving from the periods of slavery and emancipation under British colonial rule to recent independence Mindie Lazarus Black argues that the continuing struggle between lawmakers and the nonruling class has shaped the distinctive character of creole kinship class and gender Lazarus Black analyzes historical and social transformation on the islands using a theoretical framework drawn from Foucault's distinction between systems of legalities the signs symbols and rituals of law and systems of illegalities common breaches of codes or explicit tolerance of illicit behaviors She documents the differences between local behavior and Antiguan law under slavery the impact of family labor and poor laws on kinship relations in the post emancipation era and in contemporary times how men and women use the law in ways lawmakers never imagined as when women take men to court

as a form of ritual shaming Her research reveals that the same laws used by ruling classes as tools for punitive definitions have served lower classes as instruments of both defense and resistance Legal strictures she shows have been used to keep the master class within its own written limits to check elites assumptions about the social world and to push for a justice born of the experiences of the powerless As this book demonstrates the investigation of law and judicial processes is as central to the history and the anthropology of the powerless as it is to that of the elites The author s interdisciplinary analysis of the dynamics of and between domination and resistance in creole society will inform students of anthropology history law and society Caribbean studies and women s studies

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Displacements and Transformations in Caribbean Cultures Lizabeth Paravisini-Gebert, Ivette Romero-Cesareo, 2008 The geopolitical contours of the Caribbean have changed greatly over the centuries This wide ranging volume aims to reflect such change as well as the diversity of the region Covering all parts of the region and most linguistic groups the essays address a variety of topics from the colonial slave trade to AIDS in the 21st century

**Reclaiming the Political in Latin American History** Gilbert M. Joseph, 2001-12-25 A collection of essays and case studies on Latin America which suggest new historiographical approaches and political strategies linking materialist analysis to constructivist understandings of power meaning identity and agency

**Empire and Antislavery** Christopher Schmidt-Nowara, 1999 In 1872 there were more than 300 000 slaves in Cuba and Puerto Rico Though the Spanish government had passed a law for gradual abolition in 1870 slaveowners particularly in Cuba clung tenaciously to their slaves as unfree labour was at the core of the colonial economies Moreover the Spanish bourgeoisie was deeply implicated in colonial slavery as Spain was the last European power to abolish the slave trade and bonded labour in the Americas

The Transformation of American Sentiment Toward Germany, 1870-1914 Clara Eve Schieber, 1923

Jamaica Kenneth E. Ingram, 1997 Jamaica is one of a chain of islands the West Indian archipelago which encircles the Caribbean Sea Its earliest indigenous people the Tainos succumbed to the arrival of western Europeans inaugurated by the encounter with Columbus in 1494 Spanish rule gave way in 1655 to some 300 years of English colonial rule involving nearly two centuries of plantation slavery The country finally gained independence in 1962 Jamaica has made some notable contributions in the international arena Perhaps best known are its contributions in the world of sport popular music reggae and in its development of distinctive forms of dance theatre and folk music This wide ranging volume is a fully revised and updated edition of the work which was first published in 1984

**Gulliver** ,1991 New West Indian guide ,2004 **Sargasso** ,1999 *Slavery* Joseph Calder Miller, 1985

Yeah, reviewing a ebook **Caribbean Transformations** could go to your close connections listings. This is just one of the solutions for you to be successful. As understood, deed does not recommend that you have astounding points.

Comprehending as skillfully as pact even more than additional will present each success. neighboring to, the publication as competently as perception of this Caribbean Transformations can be taken as capably as picked to act.
