Counting Fun Helen Elis Jones,2004 This series will provide a lively range of fresh ideas that are no more than 10 minutes in duration All the activities will require little or no preparation and are ideal for busy practitoners to slot into the day as required The ideas will be linked to the Stepping Stones and Early Learning Goals so can be used as part of a planned curriculam Each book will also contain a selection of time saving photocopyables designed to encourage children to use a wide range of skills This book is packed with activities that will support and develop children s counting skills It will help them to count up to 10 everyday objects to recognise the number sequence from 1 to 10 to compare two numbers or sets of object and most importantly to gain pleasure and confidence in using numbers The chapters cover Numbers as labels and for

counting Numbers as sets Rhymes and stories Patterns and structures Measures Shape and space Timed activities to slot in as required Nothing like it for this age range Based on the Stepping Stones and Early Learning Goals Photocopiable sheets Perfect for students and helpers

The Mediated World David T. Z. Mindich, 2019-08-15 Today's students have a world of knowledge at their fingertips and no longer need textbooks filled with names and dates crammed into a single volume The Mediated World takes as its starting point the understanding that readers want a compelling story a good read an intelligent analysis and a new way of looking at the media revolutions around us It is designed as a life line to help students understand and interpret the sea of media washing over us all In this text David Mindich writes for students who want to understand how we communicate to one another how we process our world and how the media shapes us His engaging and narrative style focuses on concepts and real world contexts he avoids a dry recitation of facts that helps students understand their own personal relationship with media and gives them the tools to push back against the media forces One of the primary goals of The Mediated World is to empower readers by giving them a thorough understanding of the media and by teaching them how to counter the force of the media and at the same time use this force for their own ends Readers of this book come to recognize that they have the potential to be not only active consumers of media but producers of it on a scale never seen before Visit www.themediatedworld.com to learn more about this book
