

# Democratic Deficit

**Andreas Follesdal, Peter Koslowski**

## **Democratic Deficit:**

*Democratic Deficit?* Thomas D. Zweifel, 2002 Is the European Union democratic Much has been written claiming that the EU's institutions and policymaking processes are insufficiently accountable to and representative of the European electorate In *Democratic Deficit* Thomas D Zweifel offers a provocative new treatment of the concept of democracy in the EU The work provides a rigorous comparative examination of the European Union and the federal democracies of Switzerland and the United States Drawing upon established quantifiable scales of democracy the study demonstrates that the EU's decision making and regulatory processes do not show a democratic deficit greater than that of the bureaucracies of most liberal democracies and finds that in certain policy areas liberal democracies may even benefit from adopting EU practices Supported by two case studies comparing regulatory policymaking in action across the three polities Zweifel's work will prove to be a valuable and thought provoking addition to the debate about European governance and the increasingly important role of transnational and supranational organizations

**Democratic Deficit** Pippa Norris, 2011-02-14 Many fear that democracies are suffering from a legitimacy crisis This book focuses on democratic deficits reflecting how far the perceived democratic performance of any state diverges from public expectations Pippa Norris examines the symptoms by comparing system support in more than fifty societies worldwide challenging the pervasive claim that most established democracies have experienced a steadily rising tide of political disaffection during the third wave era The book diagnoses the reasons behind the democratic deficit including demand rising public aspirations for democracy information negative news about government and supply the performance and structure of democratic regimes Finally Norris examines the consequences for active citizenship for governance and ultimately for democratization This book provides fresh insights into major issues at the heart of comparative politics public opinion political culture political behavior democratic governance political psychology political communications public policymaking comparative sociology cross national survey analysis and the dynamics of the democratization process

**Governance and the Democratic Deficit** V. J. J. M. Bekkers, 2007 It is widely acknowledged that we are witnessing a major transformation of public policy making a transformation which has been labelled as a change from government to governance This comprehensive volume assesses the alleged democratic deficit of

*The WTO System* Robert Howse, 2007 No one with a serious professional or intellectual interest in the WTO can ignore the essays in this volume many of which have been major flashpoints of controversy and debate in the field such as the attack on the product process distinction and the critique of the constitutional perspective on the WTO to give but two examples Written against the backdrop of the post Seattle legitimacy crisis of the WTO these works consider how the doctrine and method of WTO adjudication have responded especially in sensitive areas such as trade and environment and health and safety regulation

*Supranational Governance of Europe's Area of Freedom, Security and Justice* Christian Kaunert, John Occhipinti, Sarah Leonard, 2016-03-17 This book examines the evolution towards increased supranational governance in the

EU's Area of Freedom Security and Justice (AFSJ) At the end of 2009 a successor programme to the Tampere and Hague Programmes was developed under the Swedish Presidency Called the Stockholm Programme it was adopted at a special EU Council Summit on 10-11 December 2009 The new agenda covers the period 2010-2014 and emphasises six areas of priority In the context of these priorities as well as the innovations introduced by the Lisbon Treaty this edited book analyses policy change in the AFSJ especially as it has been affected by the rise of supranational governance in this domain From police cooperation and crime fighting to border management and counter terrorism much has changed and the EU has taken yet another step forward in the direction of supranational governance However the various contributions also highlight that there are still problems and challenges remaining for the AFSJ Collectively this book considers how consequential the Lisbon Treaty has been for the AFSJ as well as how successful the EU has been in achieving its stated goals as expressed in the Stockholm Programme Thus this book makes a significant contribution to the scholarly investigation of the AFSJ but also to the study of European integration in general This book was published as a special issue of the Cambridge Review of International Affairs

**Autonomisation of EU Citizenship** Serhii Lashyn, 2026-03-05 This book offers an analysis of Union citizenship one of the key legal concepts of EU law Introduced in the Maastricht Treaty EU citizenship was initially seen as a beautiful but empty symbol Yet in the three decades of its existence Union citizenship developed into one of the cornerstones of the modern day constitutional structure of the EU To understand the dynamics behind EU citizenship's ongoing development and appreciate its current role in Union law this monograph analyses various facets of Union citizenship seen through the same theoretical lens of autonomisation The book suggests that EU citizenship is currently undergoing autonomisation to a considerable extent Being an open ended concept Union citizenship possesses significant intrinsic forces that drive its expansion and elaboration Having already gone an impressive distance in its legal development EU citizenship is likely to grow further but its ultimate destiny will depend on the future of the European project

**EU Enlargement and the Failure of Conditionality** Dimitry Kochenov, 2008-01-01 Among the criteria for accession to the European Union are democracy and the Rule of Law In the insightful analysis offered by the author of this book these concepts while admirable and even necessary criteria in principle are almost impossible to measure and any judgement grounded in them will always be difficult to justify In his words by including analysis of democracy and the Rule of Law within the field of the EU enlargement law the Union entered an unstable terrain of vague causal connections and blurred definitions Dr Kochenov addresses this problem by proceeding as follows 1 Outlining EU enlargement law in general including the principle of conditionality and the role played by the analysis of democracy and the Rule of Law in enlargement preparation 2 Focusing on the role actually played by the monitoring of democracy and the Rule of Law in ten candidate countries scrutinizing the way the EU used the legal tools and competences outlined in its enlargement law The book adopts the EU's own understanding of democracy and the Rule of Law as derived directly from the substance of the numerous legal and political

instruments issued by the Community Institutions and especially the Commission in the course of the pre accession process In this way it demonstrates the actual as opposed to the officially announced role played by the assessment of democracy and the Rule of Law in the candidate countries in the regulation of enlargement Many formidable inconsistencies in the application of the conditionality principle are thus laid bare This leads the author to a series of recommendations on policy and procedure that he demonstrates could be profitably applied to the regulation of current and future accessions using the Commission s own structure of monitoring pre accession reforms in the three areas of the legislature executive and judiciary in candidate countries The probity and soundness of these recommendations firmly grounded as they are in the actual pre accession monitoring and its consequences for the pre accession progress of ten Eastern European countries admitted to the EU in 2004 and 2007 will greatly interest policymakers and scholars concerned with the future of European integration

**The Increasing Democratic Deficit?** Alun A. Preece,2008 This paper is concerned with analysing the history of the spread of democracy and its current health with a view to the maintenance and furtherance of democratic government in the new Millennium The paper has been partly prompted by recent talk of a democratic deficit in the context of the institutions of the European Union The paper largely draws on the history of democracy in Europe and their derivative cultures overseas particularly those that evolved out the English political system It begins with some analysis of systems of government in terms of an evolutionary perspective and continues with a discussion of what is meant by democracy This is followed by a historical survey of the emergence of democracy as a common form of government in the modern era The major struggles been democracy and dictatorship in the present century are considered in some detail and there is a search for common features in those seven countries which have remained democratic throughout these upheavals The paper ends by attempting to draw some conclusions and analysing briefly the so called problem of the increasing democratic deficit

Global Democracy and Sustainable Jurisprudence Walter F. Baber,Robert V. Bartlett,2009-06-12 A proposal for a philosophical foundation and a realistic deliberative mechanism for creating a transnational common law for the environment In Global Democracy and Sustainable Jurisprudence Walter Baber and Robert Bartlett explore the necessary characteristics of a meaningful global jurisprudence a jurisprudence that would underpin international environmental law Arguing that theories of political deliberation offer useful insights into the current democratic deficit in international law and using this insight as a way to approach the problem of global environmental protection they offer both a theoretical foundation and a realistic deliberative mechanism for creating effective transnational common law for the environment Their argument links elements not typically associated abstract democratic theory and a practical form of deliberative democracy the legitimacy imparting value of deliberative democracy and the possibility of legislating through adjudication common law jurisprudence and the development of transnational environmental law and conceptual thinking that draws on Deweyan pragmatism Rawlsian contractarianism Habermasian critical theory and the full liberalism of Bohman Gutmann and Thompson Baber and Bartlett

offer a democratic method for creating interpreting and implementing international environmental norms that involves citizens and bypasses states an innovation that can be replicated and deployed across a range of policy areas Transnational environmental consensus would develop through a novel model of juristic democracy that would generate legitimate international environmental law based on processes of hypothetical rule making by citizen juries This method would translate global environmental norms into international law law that unlike all current international law would be recognized as both fact and norm because of its inherent democratic legitimacy

**Democracy and the European Union** Andreas Follesdal, Peter Koslowski, 1998 The European Union is a new subject for theories of legitimacy posing fundamental questions to the established concepts and principles of democratic theory General compliance and popular acceptance and respect for European law is at stake The volume addresses the main challenges of the European Union to democratic theory The legitimacy of such transnational institutions born by political integration has so far received some but scant attention The mere existence of the Union proves that the sovereign state cannot remain the sole focus of normative reflection Indeed the very conception of sovereignty is at stake The present volume combines political science and normative political theory to offer concepts arguments and criteria that further these debates addressing problems of principle

*Parliamentary Democracy in the Lisbon Treaty* Sotirios Petrovas, 2011 The Lisbon Treaty is the latest and most crucial reform to the European Union As the successor to the much debated and innovative Constitution it represents the culmination of the unification process for it aims to simultaneously enhance efficiency and cover the democratic deficit inherent in the outdated decisionmaking mechanisms of the past as a consequence of excessive enlargement and deepened integration Thus the first question is the extent to which the Lisbon Treaty renders the Union more democratic and according to what criteria that may be evaluated Another question is related to the fact that the Treaty is the result of a fundamental debate on the very nature of the European Union Is the latter to become an authentic political union or a mere free trade area with secondary political attributions And will its internal operating rules correspond more to a parliamentary or a presidential regime The present work proposes to focus on the claim that the European Union as a polity shall become more democratic with the Lisbon Treaty and seeks to provide answers using representative democracy and parliamentarianism as indicators To achieve such an ambitious aim special attention is given to parliamentary bodies first at the supranational level with the European Parliament as part of the institutional triangle Commission Council Parliament then at the internal level with the Member States national Parliaments as part of the framework of existing and new competences oversight vertical separation of powers and subsidiarity The changes brought about by the Lisbon Treaty towards more democracy are not without consequence to its second proclaimed goal efficiency It is thus interesting to examine how both are combined and if there is a positive or a negative interaction between the two Moreover the very articulation of the sensitive balance between measures for more efficiency and measures for more democracy has a noticeable impact on the European Union as a political system

Will it function like a federal or an intergovernmental system Although much of the above will undeniably be determined through the practice of the institutions and the overall political equilibrium that will be achieved the present work offers useful methods and elements of analysis that are an indispensable guide to anyone with an interest in European Union law and politics

**The Handbook of European Communication History** Klaus Arnold, Paschal Preston, Susanne Kinnebrock, 2019-09-06 A groundbreaking handbook that takes a cross national approach to the media history of Europe of the past 100 years The Handbook of European Communication History is a definitive and authoritative handbook that fills a gap in the literature to provide a coherent and chronological history of mass media public communication and journalism in Europe from 1900 to the late 20th century With contributions from teams of scholars and members of the European Communication Research and Education Association the Handbook explores media innovations major changes and developments in the media systems that affected public communication as well as societies and culture The contributors also examine the general trends of communication history and review debates related to media development To ensure a transnational approach to the topic the majority of chapters are written not by a single author but by international teams formed around one or more lead authors The Handbook goes beyond national perspectives and provides a basis for more cross national treatments of historical developments in the field of mediated communication Indeed this important Handbook Offers fresh insights on the development of media alongside key differences between countries regions or media systems over the past century Takes a fresh cross national approach to European media history Contains contributions from leading international scholars in this rapidly evolving area of study Explores the major innovations key developments differing trends and the important debates concerning the media in the European setting Written for students and academics of communication and media studies as well as media professionals The Handbook of European Communication History covers European media from 1900 with the emergence of the popular press to the professionalization of journalists and the first wave of multimedia with the advent of film and radio broadcasting through the rapid growth of the Internet and digital media since the late 20th century

**Balkan Yearbook of European and International Law 2019** Zlatan Meškić, Ivana Kunda, Dušan V. Popović, Enis Omerović, 2020-04-11 The first issue of the Balkan Yearbook of European and International Law BYEIL focuses on international commercial and investment arbitration as one of the fastest developing fields of law in Southeast Europe Covering a range of topics the contributions analyze transparency and confidentiality in international commercial and investment arbitration in national EU and international contexts In addition it compares the commercial arbitration laws and rules in Bosnia and Herzegovina with the international developments in this area The papers published in the permanent sections on European Law and International Law explore contemporary challenges in public and private law disciplines offering new perspectives on old concepts

**The Age of Deficits** Iwan W. Morgan, 2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and

adds an important dimension to the understanding of recent events      **Expanded EU** Kseniya M. Khovanova, Nejat Dogan, Maxym Kovalov, 2008 This book is a selection of the scholarly works presented at the 2nd International Redefining Europe Conference in Prague 2005 as a part of the Ashburn Institute's analogous initiative the goal of which is to advance people's understanding of the future of European civilisation and to explore the varying dynamics of transatlantic relations This volume is a 2nd publication in the Redefining Europe Conference Series The third manuscript will appear in print following the Renewing the Transatlantic Relationship Prospects for Europe and the United States in an Emerging Multipolar World Conference held in Norman OK November 2008 This book is targeted at scholars and students in political science and related disciplines      **Presidential Politics, 1928** Richard Martin Boeckel, 1928      Democracy, Legitimacy and the European Union Christer Karlsson, 2001 This study provides a comprehensive analysis of the democratic status of the EU political system and the Union's alleged legitimacy crisis It also examines six different positions on how to address the EU's democratic deficit Three of these defend the status quo while the others are calling for democratisation By examining the strengths and weaknesses of these positions this book contributes to our understanding of whether it is possible and desirable to democratise the European Union      **Democratic Deficit?** Thomas D. Zweifel, 2004 This work provides a rigorous comparative examination of the European Union and the federal democracies of Switzerland and the United States      The Protectionist, 1909 A monthly magazine of political science and industrial progress      *Editorial Research Reports*, 1928

## **Democratic Deficit Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Democratic Deficit PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need.

Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Democratic Deficit PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Democratic Deficit free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About Democratic Deficit Books**

1. Where can I buy Democratic Deficit books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Democratic Deficit book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Democratic Deficit books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Democratic Deficit audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
