Tales of Paranoia Alexandre Miguel Ellwanger,2025-05-18 Tales of Paranoia Short Stories from the Edge of Sanity By Alexandre M Ellwanger In a country where reading is often seen as punishment rather than pleasure where illiteracy and functional illiteracy still cast long shadows writing speculative fiction is an act of defiance Tales of Paranoia is a bold collection of short stories that dares to explore the dark intersections between technology fear and fractured reality In these pages you ll find no heroes only fragile minds navigating a world where nothing is what it seems Brazilian author Alexandre M Ellwanger invites you to dive into disturbing visions that reflect not just individual paranoia but collective unease Each story is a crack in the surface of normalcy a glimpse into alternate versions of ourselves where memory identity and sanity are constantly at war Written in a nation where books struggle to compete with screens and where thinking too much is often discouraged this collection is both a literary experiment and a survival scream Do you dare to read what most pretend not to see

Microcosmic God Theodore Sturgeon,2013-04-09 The second of a planned 10 volumes that will reprint all Sturgeon s short fiction covers his prolific output during 1940 and 1941 after which he suffered five years of writer s block Showcasing Sturgeon s early penchant for fantasy the first six selections include whimsical ghost stories such as Cargo in which a World War II munitions freighter is commandeered by invisible peace loving fairies With the publication of his enduring SF classic Microcosmic God Sturgeon finally found his voice combining literate sharp edged prose with fascinating speculative science while recounting the power struggle between a brilliant scientist who creates his own miniature race of gadget makers and his greedy banker Voice found or not every one of the stories here is readable and entertaining today because of Sturgeon s singular gifts for clever turns of phrase and compelling narrative As Samuel R Delaney emphasizes in an insightful introduction Sturgeon was the single most influential SF writer from the 1940s through the 1960s

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
