The Antique Drums of War James H. McRandle, 1994 Historian McRandle contends that war is a deep rooted human institution like marriage and food sharing that depends on ritual and myth He began his inquiry after being struck by the similarity of letters from common soldiers as long as 2 000 years ago and has mustered evidence from psychological concepts literature and studies of animal behavior He suggests that soldiers raping conquered women rather than an atrocious side effect of war may be its fundamental purpose Annotation copyright by Book News Inc Portland OR
