

A man in a blue suit and black tie is shown from the chest up. He is holding a white smartphone in his left hand and pointing his right index finger directly at the camera. The background is a blurred outdoor setting with greenery and a bright light source on the right. The text 'BE YOUR OWN BOSS' is overlaid in large, white, bold, sans-serif font across the center of the image.

How to Be Your Own Boss in 30 Days! Synovia Dover-Harris,Natalia President,2018-12-07 The reason I started my business is probably similar to the reason you are reading this book and want to be your own boss Maybe you are not making enough money to do what you want to do in life or maybe you do not want to have to answer to someone I was the girl that worked at a hotel and even Chick Fil A so I know what it is like to not make a lot of money and to have someone bossing me around However in only a few short years I have become my own boss and have built a 6 figure business I know all the ins and outs so in this How to Be Your Own Boss in 30 Days Book I will give you all the tips strategies and answers you need to become your own boss make the money and live the life you want *A New Entrepreneur* Rico Suarez,2021-03-08 Do you have great ideas for making money that you want to try Are you fed up working for others and watching them take the credit and profit for your hard work Is it time to change the rules and be your own boss Working for yourself and being your own boss has an appeal that is all on its own The idea of waking up in the morning and making your own decisions about how your day will go is a big draw but of course so is the idea of getting the financial rewards too For many people who have always wanted to be their own boss there are often certain obstacles that stand in their way and chief among these is doubt Inside the pages of this new book *A New Entrepreneur Be Your Own Boss* you can discover what it takes to become the entrepreneur you always wanted to be with chapters that cover The benefits of having your own business Attributes you require for success How to be your own boss in your teens The myriad business opportunities available What famous entrepreneurs possess Great ideas for a future business And more If you have ever thought about having your own business then you are already one step towards becoming an entrepreneur and living the life of your dreams Now it s time to take the next step and read *A New Entrepreneur* a book that will make your dreams a reality **How to Be Your Own Boss** Eric Deeter,2014-06 Does your soul sucking job make you dream of being your own boss You re not alone Most employees have

mild dislike all the way to outright loathing the work they do So I m guessing you ve at least thought about doing something else You might think self employment is a big risk You imagine all the things that can go wrong You soul sucking job may not be fun but it feels more secure than starting your own business Its a fact that most entrepreneurs launch a business because they find their secure job wasn t all that secure Suddenly unemployed means you re frantic and scrambling It s good to have options in your back pocket How to Be Your Own Boss is your road map to use your talents and skills to create your own success The information here is based on the hard knock lessons I learned from jumping into the self employed game with less than adequate business skills twenty five years ago I survived barely And the information I share will give you the confidence to know that you too can survive and thrive being self employed Here s what you ll discover How to think like an entrepreneur How to price your work and products Cost effective marketing strategies The danger of free marketing advice How to structure your business Financing options How to ask powerful questions and why such questions matter You ll find solid actionable information presented in an informal approachable style with a good laugh or two thrown in along the way This isn t your typical dry business book based on theory The ideas presented here are forged in real world experience You won t find corporate speak platitudes either Whether you re an Average Joe or an Executive Josephine you ll find this book chock full of information you can sink your teeth into and begin your journey to success [The Retail Clerks International Advocate](#) ,1923 **Be Your Own Boss** Robert Farrell,Siamuden Pasarly,2022-11 If you dare to walk and work with great bosses you too can become a great Boss Being a great boss doesn t require a lot of money but it does require courage a powerful idea making the right decisions and action Usually millionaires and successful businesspeople are too busy with their business operations They don t have time to share their advice or write about their experiences I had the same problem I was so busy it was hard to take all my phone calls I had a tight schedule I had to focus on my business Suddenly everything changed The Taliban captured all of Afghanistan and I had no option but to leave the country in a hurry and become a refugee in the United States I was in a refugee camp for six months While others played relaxed or wasted their time I realized I had a golden opportunity I wrote three books Be Your Own Boss is the first book In Be Your Own Boss I want to share my experience and the value of being your own Boss Being your own Boss is not easy The tough role is given to the strong player Even though I had to leave everything behind my business my money and worst of all my family and friends I didn t quit I bounced back as a one person army and established my new business in the United States of America I focus on being your own Boss because I have worked with multinational and multicultural companies NGOs and government entities for over fifteen years Then I started my own business and learned that working for others is great when you are new in the market or don t have experience but not always Starting your own business is a reward I worked with easy and challenging bosses and to be honest I learned more from my tough Boss After many years of experience working for others and running my own business I recommend being your own Boss I emphasize Be Your Own Boss because the current world and enterprise

market needs qualified innovative creative and straightforward bosses who will initiate and lead the industries I want you to be your own Boss to implement your dreams and vision Thus don t be shy to use the word Boss This word gives energy motivation power and solid control The upcoming chapters explain the details of being your Boss It is important to mention that the word Boss has been misperceived and constantly compared with a leader unfairly We have great bosses who founded and led multinational companies such as Mark Zuckerberg Elon Musk Jack Ma and others We urge you to own the title Boss with pride You re responsible and in charge so be proud to be in charge Don t be apologetic or tiptoe around the word Boss Most people use other titles such as foreman supervisor director Chief Executive officer Team Leader Coach President Vice President Chairperson and many others To be clear to the people who report to you or to whom you assign a specific task you re the Boss To determine if it s time to be your own Boss read this book perhaps many times and ask why you are thinking of taking the leap Be Your Own Boss Siam Pasarly Note Being your own Boss is not just about becoming wealthy Wealth is only one of the goals Equally important are your health your family and your relationships I knew financially successful people but they valued money above all else As a result they damaged their health and relationships and even lost their lives Being your own Boss means driving your own life while at the same time valuing that which is even more important than money
