Battle Hell:

Hell's Broke Loose in Georgia Scott Walker, 2007-07-01 Darling I never wanted to go home as bad in my life as I do now and if they don't give me a furlow I am going any how Written in December 1862 by Private Wright Vinson in Tennessee to his wife Christiana in Georgia these lines go to the heart of why Scott Walker wrote this history of the Fifty seventh Georgia Infantry a unit of the famed Mercer's Brigade All but a few members of the Fifty seventh lived within a close radius of eighty miles from each other More than just an account of their military engagements this is a collective biography of a close knit group Relatives and neighbors served and died side by side in the Fifty seventh and Walker excels at showing how family ties friendships and other intimate dynamics played out in wartime settings Humane but not sentimental the history abounds in episodes of real feeling a starving soldier's theft of a pie another's open confession in a letter to his wife that he may desert a slave's travails as a camp orderly Drawing on memoirs and a trove of unpublished letters and diaries Walker follows the soldiers of the Fifty seventh as they push far into Unionist Kentucky starve at the siege of Vicksburg guard Union prisoners at the Andersonville stockade defend Atlanta from Sherman and more Hardened fighters who would wish hell on an incompetent superior but break down at the sight of a dying Yankee these are real people as rarely seen in other Civil War histories

The Economics of War in Ancient Greece Roel Konijnendijk, Manu Dal Borgo, 2024-12-12 In recent decades the study of the ancient economy and ancient warfare have both been transformed by ground breaking new studies and methodological approaches Offering a selection of cutting edge research on the interlocked themes of economics and war this edited volume explores how armed conflict affected markets and economic opportunities in ancient Greece From the destruction of cities to the emergence of new fiscal institutions war prompted massive changes to economic conditions throughout the ancient Mediterranean and beyond some with lasting consequences for the organisation of states and armies The contributors look beyond the old paradigms of finance and logistics and broaden the discussion to address themes such as gender literary culture and the Persian Empire More specifically they analyse how ancient rulers and states struggled to mobilise resources and what they did to tackle fiscal challenges to wage war more efficiently thereby demonstrating how matters of war can be an invaluable source of information on the way ancient economies worked and developed As a result this book shows how the study of economic factors too often neglected in works on ancient warfare allows a deeper understanding of military cultures and events in ancient Greece

Wright, 2005-02-11 The battle for the Pacific island of Peleliu in the autumn of 1944 is far less well known even among US Marine Corps veterans than Tarawa Iwo Jima or Okinawa Yet in the savagery of the fighting the courage and determination displayed and the casualty rates suffered by the units of the 1st Marine Division it can claim to stand beside them all Peleliu

was a jinxed operation It is arguable that it need never have been mounted in the first place since the fast moving situation in the Central Pacific removed any pressing need to occupy the Palau Islands When the 1st Marine Division landed they came up against Japan s new defensive technique a garrison determined to die where stood in deep complex bunker systems The predicted three day quickie turned into a bloody nightmare that lasted for 71 murderous days Brought to life by the words of the men who fought there the story of Peleliu is an epic of the Second World War **The American Novel of War** Wallis R. Sanborn, III,2012-10-30 In song verse narrative and dramatic form war literature has existed for nearly all of recorded history Accounts of war continue to occupy American bestseller lists and the stacks of American libraries This innovative work establishes the American novel of war as its own sub genre within American war literature creating standards by which such works can be classified and critically and popularly analyzed Each chapter identifies a defining characteristic analyzes existing criticism and explores the characteristic in American war novels of record Topics include violence war rhetoric the death of noncombatants and terrain as an enemy The United Service ,1894 **The True Christian Religion** Emanuel Swedenborg,1875 Plutarch's Lives Plutarch,1917 Irische Texte Ernst Windisch,1909 *In cath catharda, the civil war of the Romans* ,1900 *In Cath Catharda* Lucan,1909 **Manu-smrti** Manu (Lawgiver),1924 *The Celtic Monthly* ,1916 *Memorial Day* ,1919 **The Cavalier** ,1915 **The Physician and Surgeon** ,1915 **A Tramp Abroad** Mark Twain,1880
