## **Break Contact Continue Mission:**

**Break Contact — Continue Mission** Raymond D. Harris, 2024-12-19 Harris says that almost everything in the novel happened so much so that the book seems to me to be a memoir in the guise of a novel It is difficult to discern what if anything is fiction The VVA Veteran Join Garner Dodge and the rest of RT Iowa as they venture across the fence to help stem the flow of the North Vietnamese on the Ho Chi Minh Trail Tense hours of moving in areas denied to the U S military are interspersed with fierce firefights back at Kontum the Green Berets unwind with wild abandon while the recon first sergeant makes repeated often doomed attempts to ensure the teams success and survival First published in 1990 this classic account of Military Assistance Command Vietnam Studies and Observation Group was written as a novel by a veteran of Recon Team Iowa to bring his experiences and those of fellow MACV SOG soldiers to a wider audience at a time when their dedication and sacrifice was little known The small tight recon teams each comprising three U S soldiers and five to seven indigenous allies undertook some of the most hazardous missions of the war They would operate for hours or days in areas controlled by the North Vietnamese in order to collect essential intelligence on the enemy s disposition The unit would receive many accolades but also suffer sky high casualties With a new author s note and epilogue Break Contact Continue Mission is Harris tribute not only to the American soldiers that he fought alongside but to the Montagnard fighters of RT Iowa Whean Kehn Phe Djuit Kuie and Dominique
