B-24 Bridge Busters Colin Pateman, 2017-01-20 B 24 Bridge Busters RAF Liberators over Burma and Thailand provides a gripping and detailed account of RAF Liberator missions against the Japanese in Asia British and Commonwealth aircrews displayed great gallantry in many instances on low level precise bombing sorties destroying specific targets including a great number of bridges constructed by the Japanese in their conquest to reach India A number of detailed accounts are based upon personal flying logbooks and other unique material originating from the pilots and aircrews 159 Squadron was the first four engined heavy bomber squadron which flew from India and operated over Burma They instigated greater accuracy in destroying a multitude of vital targets The legendary film The Bridge over the River Kwai 1957 evokes images that are historically set in celluloid however that blockbusting film had separated fact from fiction and this book examines the true events that took place through Bridge Busting including techniques developed and deployed by the RAF against the Japanese

Algeo, 1991 American Speech the journal of the American Dialect Society has included a regular collection of neologisms called Among the New Words One issue for example includes four quotations for date rape two for designated driver and six for DNA fingerprinting intifada and other current terms Complete documentation is given for all

citations which are fuller than those given in most dictionaries At the time these terms appeared in Among the New Words they appeared in none of the major dictionaries A survey of Among the New Words can therefore reveal much about the origin and early use of these expressions and the social climate in which they prospered Now this valuable resource is available in one volume first published in 1992 The original articles themselves are reproduced and John Algeo has prepared a complete index with glossary to every word and expression included in the 113 installments of Among the New Words It is a unique repository of language use from 1941 91
