Doris Salcedo Mary Schneider Enriquez, Doris Salcedo, Narayan Khandekar, 2016-01-01 In Context Violence and Contemporary Art in Colombia Salcedo's Influences Artists Works Practices The Six Visual Strategies Organic and Ephemeral Materiality in Salcedo's Most Recent Works Inherent Vice and the Ship of Theseus Narayan Khandekar Artist Biography and Exhibition History *A Hunger for Aesthetics* Michael Kelly, 2012 This title examines the motivations for the critiques that have been applied to the idea of aesthetics and argues that theorists and artists now hunger for a new kind of aesthetics one better calibrated to contemporary art and its moral and political demands The book shows how for decades aesthetic critiques have often concerned art's treatment of beauty or the autonomy of art Collectively these critiques have generated an anti-aesthetic stance that is now prevalent in the contemporary art world **Skin Crafts** Julia Skelly, 2022-02-10 This book will examine a range of artists who are employing craft materials primarily fibre and ceramics in works that address historical and contemporary violence *Doris Salcedo* Doris Salcedo, Rod Mengham, 2007-01-01 **Beckett and Nothing** Daniela Caselli, 2020-03-09 This electronic version has been made available under a Creative Commons BY-NC-ND open access license Beckett and Nothing invites its readership to understand the complex ways in which the Beckett canon both suggests and resists turning nothing into something by looking at specific sometimes almost invisible ways in which little nothings pervade the Beckett canon The volume has two main functions on the one hand it looks at nothing not only as a content but also a set of rhetorical strategies to reconsider afresh classic Beckett problems such as Irishness silence value marginality politics and the relationships between modernism and postmodernism and absence and presence On the other it focuses on nothing in order to assess how the Beckett oeuvre can help us rethink contemporary preoccupations with materialism neurology sculpture music and television The volume is a scholarly intervention in the fields of Beckett studies which offers its chapters as case studies to use in the classroom It will prove of interest to advanced students and scholars in English French Comparative Literature Drama Visual Studies Philosophy Music Cinema and TV studies **Human Rights in Colombian Literature and Cultural Production** Carlos Gardeazábal Bravo, Kevin G. Guerrieri, 2022-04-28 This volume explores how Colombian novelists artists performers activists musicians and others seek to enact to perform to stage to represent human rights situations that are otherwise enacted discursively that is made public or official in juridical and political realms in which justice often remains an illusory or promised future In order to probe how cultural production embodies the tensions between the abstract universality of human rights and the materiality of violations on individual human bodies and on determined groups the volume asks the following questions How does the transmission of historical traumas of Colombia's past through human rights narratives in various forms inform the debates around the subjects of

rights truth and memory remembrance and forgetting and the construction of citizenship through solidarity and collective struggles for justice What are the different roles taken by cultural products in the interstices among rights laws and social justice within different contexts of state violence and states of exception What are alternative perspectives sources and micro histories from Colombia of the creation evolution and practice of human rights How does the human rights discourse interface with notions of environmental justice especially in the face of global climate change regional neo extractivism the implementation of megaprojects and ongoing post accord thefts and re appropriations of land Through a wide range of disciplinary lenses the different chapters explore counter hegemonic concepts of human rights decolonial options struggling against oppression and market logic and alternative discourses of human dignity and emancipation within the pluriverse
