

Double Obsession

Arthur Crane

Double Obsession:

Double Obsession Luigi Constantin Popescu, 2022-02-22 It's about a soul leaving a family who is experiencing financial problems. He is looking to go abroad to make a future. Abroad she knows different people and stops at the wrong person who promises her the moon and the stars. She gives birth to a baby girl to the man who no longer loves her. Another falls in love with her and struggles to bring her into his arms but she does. They make connections between the characters and end up secretly dividing each other. A crazy idea in which all psychology will put a police end being drug traffickers and psychopaths. The story contains explicit and exciting material based on erotic acts. What if you feel that you don't belong to a place? You think about where your place is and in unconscious pattern you go looking for it because you have to match your own resonance. What a person's warm chest can mean where to stay embraced or a place where you can contemplate the much desired, much dreamed peace. A house.

Green Cemetery Ali Znaidi, **William III and the Godly Revolution** Tony Claydon, 1996 This is the first extensive account of royal propaganda in England between 1689 and 1702. It demonstrates that the regime of William III did not rely upon legal or constitutional rhetoric as it attempted to legitimate itself after the Glorious Revolution but rather used a protestant providential and biblically based language of courtly reformation. This language presented the king as a divinely protected godly magistrate who could both defend the true church against its popish enemies and restore the original piety and virtue of the elect English nation. Concentrating upon a range of hitherto understudied sources, especially sermons and public prayers, the book demonstrates the vigour with which these ideas were broadcast by an imaginative group of propagandists enabling the king to cope with central political difficulties: the need to attract support for wars with France and the need to work with Parliament.

Monomania Marina Van Zuylen, 2018-05-31 This book is about the obsessive strategies people use to keep the arbitrary out of their lives. It is about the fanaticism and intolerance linked to their ideas of perfection and permanence. Those readers who have brushed against the dangers of the *id e fixe* who have come close to surrendering to something or someone diabolically seductive or coercive will recognize in these characters their own encounter with a dangerously systematized world. From the introduction *Monomania* explores the cultural prominence of the *id e fixe* in Western Europe during the nineteenth and twentieth centuries. Marina van Zuylen revives the term *monomania* to explore the therapeutic attributes of obsession. She introduces us to artists and collectors, voyeurs and scholars, hypochondriacs and melancholics whose lives are run by debilitating compulsions that may become powerful weapons against the tyranny of everyday life. In van Zuylen's view there is a productive tension between disabling fixations and their curative powers. She argues that the *id e fixe* has acted as a corrective for the multiple disorders of modernity. The authors she studies, Charles Baudelaire, Sophie Calle, Elias Canetti, George Eliot, Gustave Flaubert, and Thomas Mann among them, embody or set in motion different manifestations of this monomaniacal imperative. Their protagonists or alter egos live more intensely, more meaningfully because of the compulsive pressures they set up for themselves. *Monomania*

shows that transforming life into art or at least into the artful drives out the anxiety of the void and puts in its place something so orderly and meaningful that it can take on the aura of a religion
