Downpatrick Races:

Horse Racing in Britain and Ireland Anne Holland,2014-09-10 Often called the sport of kings horse racing dates back at least to the chariot races of the ancient Olympic Games Arriving in Britain with the Romans in the first century BC its popularity among the elite led to the breeding of thoroughbred racehorses and prompted the establishment of a formal racing calendar with flat races and steeple chases at a plethora of dedicated racecourses throughout the country Now no longer restricted to the aristocracy a day at the races has become a perennial highlight of the social calendar Shedding new light on this increasingly popular equestrian sport Anne Holland here explores the broad history of horse racing from the horses jockeys and racecourses to the practice of bookmaking and those in the audience Insane and Unseemly John Saville,2008-12-18 A comprehensive account of how and why horse racing was able to continue throughout the Second World War despite repeated controversy over its doing so Insane and Unseemly is based on extensive original research into Home Office and Jockey Club papers and first hand recollections of staff from three leading stables County Down 100 Years Ago George Henry Bassett,1886 **British Hunts and Huntsmen ...** ,1911 **The City of Downe from Its Earliest Days** Richard Parkinson,1928 **Coming Events in the British Isles** ,1955 *Catalogue for 1840 of a Most Chose and Truly Valuable Collection of Autograph Letters, Important State Papers, &c. of the XV., XVI., XVII. and XVIII. Parliament. House of Commons,1989 **Ribbon Societies in Nineteenth-century Ireland and Its Diaspora** Kyle Hughes (Lecturer in British history),Donald M. MacRaild,2018 This is the first full length study of Irish Ribbonism tracing the development of the movement from its origins in the Defender movement of the 1790s to the latter part of the century when the remnants of the Ribbon tradition found solace in a new movement the quasi constitutional affinities of the Ancient Order of Hibernians Placing Ribbonism firmly within Ireland s long tradition of collective action and protest this book shows that owing to its diversity and adaptability it shared similarities but also stood apart from the many rural redresser groups of the period and showed remarkable longevity not matched by its contemporaries The book describes the wider context of Catholic struggles for improved standing explores traditions and networks for association and it describes external impressions Drawing on rich archives in the form of state surveillance records show trial proceedings and press reportage the book shows that Ribbonism was a sophisticated and durable underground network drawing together various strands of the rural and urban Catholic populace in Ireland and Britain Ribbon Societies in Nineteenth Century Ireland and its Diaspora is a
