Breaking The Word Barrier:

Breaking the Word Barrier Doris Wilcox Gilbert, 1972 **Breaking Barriers to Learning in Primary Schools** Pat Hughes, 2009-12-16 *Breaking Barriers to Learning in Primary Schools* takes an expert and informative look at the integrated children's services agenda in practice in today's primary schools. Examining the ways in which an increasing number of different professionals help to improve children's life chances, the author examines the roles of those employed directly by the schools themselves, for instance Learning Mentors, HLTAs and Teaching Assistants, and those employed by health, social and other agencies such as school nurses, Educational Social Workers, Study Support Workers, School Attendance Workers and Educational Psychologists. Through an exploration of how each individual helps break down barriers to children's learning, this book examines the growth and development of the children's workforce, provides a broad and integrated view of the wider school network, explores the roles of individuals within the school workforce, makes links to Every Child Matters and Extended Schools initiatives, provides evidence of breaking down barriers through interviews and studies with those working at the heart of integrated schools, presents an analysis of recent statistics relating to children's lives, gives practical advice for good practice throughout. An essential text for all those working in education and in training to become part of this wider school network, this book takes into account the findings of the recent Primary Review, government data and original research to fully explain how to build, maintain and successfully work with today's primary children. It is an excellent text for Foundation Degree students as well as those studying Education Studies and those training to be teachers.

Sexplosion Robert Hofler, 2014-02-04 After the sexual revolution came the sexual explosion. The six years between 1968 and 1973 saw more sexual taboos challenged than ever before. Film, literature and theater simultaneously broke through barriers previously unimagined, giving birth to what we still consider to be the height of sexual expression in our pop culture. Portnoy's Complaint, Myra Breckinridge, Hair, The Boys in the Band, Midnight Cowboy, Last Tango in Paris and Deep Throat. In *Sexplosion*, Robert Hofler weaves a lively narrative linking many of the writers, producers and actors responsible for creating these and other controversial works, placing them within their cultural and social frameworks. During the time the Stonewall Riots were shaking Greenwich Village and *Roe v Wade* was making its way to the Supreme Court, a group of daring artists was challenging the status quo and defining the country's concept of sexual liberation. Hofler follows the creation of and reaction to these groundbreaking works, tracing their connections and influences upon one another and the rest of entertainment. Always colorful and often unexpected, *Sexplosion* is an illuminating account of a generation of sexual provocateurs and the power their works continue to hold decades later.
