## **Brian Friel In Conversation:**

**Brian Friel in Conversation** Brian Friel, 2000 Reflections by the author of *Dancing at Lughnasa* on Irish writers the theater nationalism Catholicism and his childhood *Dancing at Lughnasa* Joan Fitzpatrick Dean, 2003 Lucid and accessible style makes the series appealing to the general reader Liberally illustrated throughout with stills from the film under discussion Collaboration between Cork University Press and the Film Institute of Ireland Between the premiere of Brian Friel's stage play *Dancing at Lughnasa* in 1990 and Pat O'Connor's cinematic adaptation in 1998 Ireland experienced seismic economic and social changes as well as Riverdance Angela's Ashes and an international vogue for all things Irish Set in 1936 *Dancing at Lughnasa* as both film and play imagines an anachronistic past in which the loss of joyous communal ritual is symptomatic of the cultural malaise so often associated with Ireland in the 1930s Drawing upon unpublished material from the Friel archive at the National Library of Ireland Joan FitzPatrick Dean contrasts the expressly theatrical elements of Friel's play and their cinematic counterparts **Adapting Chekhov** J. Douglas Clayton, Yana Meerzon, 2013 This book considers the hundred years of re-writes of Anton Chekhov's work presenting a wide geographical landscape of Chekhovian influences in drama The volume examines the elusive quality of Chekhov's dramatic universe as an intricate mechanism an engine in which his enigmatic characters exist as the dramatic and psychological ciphers we have been decoding for a century and continue to do so Examining the practice and the theory of dramatic adaptation both as intermedial transformation from page to stage and as intramedial mutation from page to page the book presents adaptation as the emerging genre of drama theatre and film This trend marks the performative and social practices of the new millennium highlighting our epoch's need to engage with the history of dramatic forms and their evolution The collection demonstrates that adaptation as the practice of transformation and as a re-thinking of habitual dramatic norms and genre definitions leads to the rejuvenation of existing dramatic and performative standards pioneering the creation of new traditions and expectations As the major mode of the storytelling imagination adaptation can build upon and drive the audience's horizons of expectations in theatre aesthetics Hence this volume investigates the original and transformative knowledge that the story of Chekhov's drama in mutations offers to scholars of drama and performance to students of modern literatures and cultures and to theatre practitioners worldwide **The Oxford Handbook of Modern Irish Theatre** Nicholas Grene, Chris Morash, 2016-07-28 The Oxford Handbook of Modern Irish Theatre provides the single most comprehensive survey of the field to be found in a single volume Drawing on more than forty contributors from around the world the book addresses a full range of topics relating to modern Irish theatre from the late nineteenth century to the most recent works of postdramatic devised theatre Ireland has long had an importance in the world of theatre out of all proportion to the size of the country and has been home to four Nobel Laureates Yeats Shaw and Beckett Seamus Heaney while primarily a poet also wrote for the stage This collection begins with the influence of melodrama and looks at arguably the first modern Irish playwright Oscar Wilde before moving into a series

of considerations of the Abbey Theatre and Irish modernism Arranged chronologically it explores areas such as women in theatre Irish language theatre and alternative theatres before reaching the major writers of more recent Irish theatre including Brian Friel and Tom Murphy and their successors There are also individual chapters focusing on Beckett and Shaw as well as a series of chapters looking at design acting and theatre architecture The book concludes with an extended survey of the critical literature on the field In each chapter the author does not simply rehearse accepted wisdom all of the contributors push the boundaries of their respective fields so that each chapter is a significant contribution to scholarship in its own right

**Multiliterate Ireland** Tina L. Bennett-Kastor, 2015-10-08 Multiliterate Ireland examines a selection of Irish literature to illuminate a legacy of a multilingual history demonstrated through works that range from past centuries to the present era This study examines authors who utilized two or more languages in the same poem play or work of fiction also known as code mixing and code switching of primarily English and Irish Gaelic languages but with the inclusion of others such as Latin Greek and French and examines linguistically and historically why these multiliterate choices were made Included in this analysis are the history of relationships among the languages the historical use of multiple languages by Irish and proto Irish writers the psycholinguistic and cultural effects of colonial suppression of the language the attempts at restoration of Irish and the desire for a post Independence literary legacy in the medium of Irish and a discussion of certain theories and principles of code mixing that were developed in the case of its oral use and which may in some cases extend to writing Along with these historical explanations examples of multiliterate poetry and prose and the writers who produced them from the late 17th or early 18th centuries up through contemporary works are explored in greater depth and serve to illustrate and highlight various uses of code switching and code mixing Finally multiliteracy as art or the use of two or more languages as a means of transcendence beyond the ordinary which is associated with the artistic impulse in general is explored This exploration reveals that many Irish writers were akin historically and culturally to artists in various other media whose multi geographic and multi linguistic experiences were essential to the development of both enduring and new aesthetic principles By examining the literature of these Irish writers through the prism of multiliteracy Multiliterate Ireland attempts to keep at the forefront the authors and their texts and their decisions to break through the wall of English or of Irish to develop an aesthetic that goes beyond a single language and that creates a language that is at once also many languages

**Back to the Present: Forward to the Past, Volume II**, 2006-01-01 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi faceted way than has often been the case in the past The fifty three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles

The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations The contributors are all members of IASIL International Association for the Study of Irish Literatures Back to the Present Forward to the Past Irish Writing and History since 1798 will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture

**Getting to Good Friday** Marilynn Richtarik,2023-01-03 Getting to Good Friday intertwines literary analysis and narrative history in an accessible account of the shifts in thinking and talking about Northern Ireland's divided society that brought thirty years of political violence to a close with the 1998 Belfast Good Friday Agreement Drawing on decades of reading researching and teaching Northern Irish literature and talking and corresponding with Northern Irish writers Marilynn Richtarik describes literary reactions and contributions to the peace process during the fifteen years preceding the Agreement and in the immediate post conflict era Progress in this period hinged on negotiators ability to revise the terms used to discuss the conflict As poet Michael Longley commented in 1998 In its language the Good Friday Agreement depended on an almost poetic precision and suggestiveness to get its complicated message across Interpreting selected literary works by Brian Friel Seamus Heaney Michael Longley Deirdre Madden Seamus Deane Bernard MacLaverty Colum McCann and David Park within a detailed historical frame Richtarik demonstrates the extent to which authors were motivated by a desire both to comment on and to intervene in unfolding political situations Getting to Good Friday suggests that literature as literature that is in its formal properties in addition to anything it might have to say about a given subject can enrich readers historical understanding Through Richtarik's engaging narrative creative writing emerges as both the medium of and a metaphor for the peace process itself
