**Smile: The Story of Brian Wilson's Lost Masterpiece** Domenic Priore, Brian Wilson, Van Dyke Parks, 2005-03-07 Smile has become one of the most unavoidable legends of rock n roll folklore and in this searching examination Domenic Priore presents the true story behind the album s 40 year conception Work on Smile began hot on the heels of the ground breaking Pet Sounds when Brian Wilson collaborated with Van Dyke Parks to create a musical story of America However production would famously collapse under a tide of internal fighting record business chicanery and Brian s own health problems In this unique account Domenic Priore interviews all the main players and documents every aspect of the Smile experience from its troubled inception to Wilson s brave attempt to finish what he started in 2005 The book includes detailed accounts of studio work the triumphant live shows in Europe and the US and a host of exclusive photos from photographer Guy Webster

on some of the group's best known music such as their hit single Good Vibrations to their mythical unfinished masterpiece Smile Throughout the book places special focus on the individual whose creative vision brought the whole enterprise to life Brian Wilson advancing our understanding of his gifts as a songwriter arranger and producer The book joins a growing body of literature on the popular music of the 1960s in general and on Brian Wilson and the Beach Boys in particular But Good Vibrations extends the investigation further and deeper than it has gone before not only offering new understanding and insights into individual songs and albums but also providing close examination of compositional techniques and reflections on the group's place in American popular culture

**Smile** Domenic Priore, 2005 Every art form has its holy grail those elusive creations around which legends grow For rock n roll The Beach Boys album Smile heads that list Work on the album began on the heels of the group's seminal Pet Sounds when Brian Wilson teamed with Van Dyke Parks to make a musical story of America But the writing and recording process soon devolved into chaos capsized by internal fighting and record business chicanery Tantalizing bits of Smile most notably Good Vibrations hit the airwaves but the album reviled by Beach Boys singer Mike Love as a document of Brian's madness was shelved In Domenic Priore's new book he interviews all the main players and documents every aspect of the Smile experience from its inception in the 1960s to last year's release of Brian Wilson Presents Smile his remarkable and brave attempt to finish what he started 40 years earlier Featuring detailed accounts of studio work and the triumphant live shows in Europe and the US exclusive photos from Smile era photographer Guy Webster and forewords by Wilson and Van Dyke Parks Priore's book is the last word on perhaps the finest album ever recorded
