Codex Bezae:

Codex Bezae David C. Parker, 1992-01-09 Codex Bezae is one of the most important primary sources in New Testament scholarship Together with Codex Alexandrinus and Codex Vaticanus it represents one of our most significant links back to the early Church and its origins Since its rediscovery in the sixteenth century the riddles posed by its general appearance and its textual characteristics have continued to fascinate scholars and David Parker here offers a comprehensive study of Codex Bezae This book aims to cast light on the story behind this most enigmatic of manuscripts Data are presented here that makes possible a reconstruction of the stages of copying from which the manuscript descends An appraisal of the earliest correctors of the Codex enables the author to extend his picture of its history to the medieval period **Codex Bezae** James Rendel Harris, 1891 **Bezae Codex Cantabrigiensis** Theodore Beza, 1996-07-18 An exact copy of the celebrated uncial greco latin manuscript of the Four Gospels and Acts of the Apostles written in the sixth century and presented to the University of Cambridge by Theodore Beza in 1581 **Bezae Codex Cantabrigiensis** Théodore De Bèze, 1864 *A History of Codex Bezae's Text in the Gospel of Mark* Peter E. Lorenz, 2021-11-08 As the principal Greek witness of the so called Western tradition of the gospels and Acts Codex Bezae's enigmatic text in parallel Greek and Latin columns presents a persistent problem of New Testament textual criticism The present study challenges the traditional view that this text represents a vivid retelling of the canonical narratives cited by ancient writers from Justin Martyr to Marcion and translated early into Syriac and Latin **The Annotators of the Codex Bezae** James Rendel Harris, 1901 **The Theological Tendency of Codex Bezae Cantabrigiensis in Acts** Eldon J Epp, 2001-04-19 Books in the series present specialised research into all aspects of New Testament textual and historical culture taking a range of approaches This is widely recognised as the most authoritative and prestigious forum for serious scholarly publication in the area and series books are highly regarded by biblical scholars the world over General Editors Edward Adams King's College London [The Message of Acts in Codex Bezae](#) Josep Rius-Camps, Jenny Read-Heimerdinger, 2006-04-20 A comparison of the message of Acts transmitted by Codex Bezae with that of the more familiar Alexandrian text represented by Codex Vaticanus For each section of Acts there is a side by side translation of the Bezan and Alexandrian manuscripts followed by a critical apparatus and finally a commentary that explores the differences in the message of the two texts It is concluded that the Bezan text with its interest in internal Jewish affairs and its focus on the struggles of the early disciples to free themselves from their traditional Jewish expectations and to achieve despite their mistakes a more accurate understanding of their master's teaching is the earlier of the two texts LNTS 302 [Bezae codex cantabrigiensis](#) Frederick Henry Ambrose Scrivener, 1864 **The Message of Acts in Codex Bezae** Josep Rius-Camps, Jenny Read-Heimerdinger, 2004-04-27 His book is a comparison of the message of Acts transmitted by Codex Bezae with that of the more familiar Alexandrian text represented by Codex Vaticanus For each section of Acts there is a side by side translation of the Bezan and Alexandrian manuscripts

followed by a critical apparatus and finally a commentary that explores the differences in the message of the two texts It is concluded that the Bezan text with its interest in internal Jewish affairs and its focus on the struggles of the early disciples to free themselves from their traditional Jewish expectations and to achieve despite their mistakes a more accurate understanding of their master s teaching is the earlier of the two texts *Codex Bezae: A Study of the So-called Western Text of the New Testament [Texts and Studies 2]*. Harris, 1893 *Codex Bezae* James Rendel Harris, 1967 **The Theological Tendency of Codex Bezae Cantabrigiensis in Acts** Eldon Jay Epp, 2005-10-06 An investigation into to what extent textual variants in the New Testament were caused by dogmatic interference with the text **Codex Bezae** J. Stone, 2009-06-10 *The Annotators of the Codex Bezae* James Rendel Harris, 1901 *Codex Bezae* J. Rendel Harris, 1967 *Bezae Codex Cantabrigiensis* Frederick Henry Ambrose Scrivener, 2016-07-28 Codex Bezae is one of the great treasures of Cambridge University Library to which it was presented in 1581 by the French Protestant theologian Theodore Beza 1519 1605 Containing most of the four Gospels and Acts and written during the fifth century the codex is one of the most important witnesses to the formation of the Gospels Its origins are unclear but it was held in the monastery of St Irenaeus at Lyon for many centuries before coming into Beza s hands during the French Wars of Religion by giving it to Cambridge he probably intended to ensure its safety and survival This edition by Frederick Scrivener 1813 91 was published in 1864 making an important manuscript accessible After a lengthy introduction to the text and its history Scrivener provides the parallel Greek and Latin texts of the work indicating missing sections abbreviations lineation and foliation with editorial notes and alternative readings *Codex Bezae* J. Rendel Harris, 2017-11-23 Excerpt from *Codex Bezae: A Study of the So Called Western Text of the New Testament* Western in cause or effect or both in cause and effect is still unknown Now in order to make the investigation a little easier I propose to attack the question just at the hardest point to make a new examination of the Western text in its leading monument the great Cambridge manuscript known as Codex Bezae and to challenge it once again to tell its history About the Publisher Forgotten

Greek and Latin Transcript of Bezae Codex [Beza Codex, Codex Bezae, Codex Beza] Fredric H a
Scrivener, 2024-08-30 BEZAE CODEX CANTABRIGIENSIS This book contains a complete transcript of the Greek and Latin Text of the Bezae Codex as well as an extensive introduction in English From the introduction The Greek text we believe to bear distinct traces of an origin far more remote Itself immediately derived from a manuscript of which the origin would most likely belong to the third century at the latest In respect moreover to its rare and peculiar readings the close resemblance of Codex Bezae to the text of the Syriac versions with which it could hardly have been compared later than the second century and to that of the Old Latin yet unrevised by Jerome as employed by Cyprian and Augustine in Africa by the translator of Irenaeus by Hilary and Lucifer and Ambrose in the North west such resemblance far too constant to be the result of chance persuades us to regard with the deepest interest this venerable monument of Christian learning
