Code Green Dana Beth Weinberg, 2011-11-14 We are on the verge of the nation's worst nursing shortage in history Dedicated nurses are leaving hospitals in droves and there are not enough new recruits to the profession to meet demand Even hospitals that were once very highly regarded for the quality of their nursing care such as Boston's Beth Israel Deaconess Medical Center now struggle to fill vacant positions What happened Dana Beth Weinberg argues that hospital restructuring in the 1990s is to blame In their attempts to retain profit margins or even just to stay afloat hospitals adopted a common set of practices to cut costs and increase revenues Many strategies squeezed greater productivity out of nurses and other hospital workers Nurses workloads increased to the point that even the most skilled nurses questioned whether they could provide minimal safe care to patients As hospitals hemorrhaged money it seemed that no one not hospital administrators not doctors felt they could afford to listen to nurses Through a careful look at the effects of the restructuring strategies chosen and implemented by Beth Israel Deaconess Medical Center the author examines management's efforts to balance service and survival By showing the effects of hospital restructuring on nurses' ability to plan evaluate and deliver excellent care Weinberg provides a stinging indictment of standard industry practices that

underestimate the contribution nurses make both to hospitals and to patient care      **Codebreaker Code Book** ,2006 Over 50 000 codes for more than 1 300 titles available for your PS2 A world of codes is at your fingertips Infinite ammo invincibility level skipping and more are just a click away CodeBreaker is a software program that opens exclusive codes for PS2 games The print version of the CodeBreaker Code Book includes this software you ll need to purchase a CodeBreaker disc in order to use the eGuide      **Documents of the Assembly of the State of New York** New York (State).
