**Integrated Competency-based Human Resource Management**, 1994  
**Building Quality Service** Lynn Van der Wagen, 1994  
 The premise underlying this book is that every interaction between a staff member and a customer is unique. Training methods that develop product knowledge or that train staff to follow routine procedures are not enough in developing staff competent in the field of customer service. However, selection and training of employees in the dimension of service should enable them to respond to differing customer needs, to be aware of customers' different perceptions of what quality service is, and to adapt their responses to meet their needs. This book is aimed at managers and supervisors in any service sector, human resource managers involved in staff training, and students of hospitality courses.

 This user-friendly package contains the most innovative methods, procedures, suggestions, and materials available to help you identify competencies and create models, individual competency assessments, and individual development planning.

**Human Resource Management Review**, 2001  
**Competency Based HRM** Ganesh Shermon, 2004  
 This book provides an exhaustive guidance to the leaders in the organization, including the CEO, HR managers, senior members of the sales, production, and service team, to create an excellent organization. It elaborates the processes through specified time lines as to what is to be done. As we move from direct transfer of a specific skill or knowledge to a more complex set of processes, content, behaviors, or procedures, learners require greater guidance in determining what training is appropriate for them at any given time. Navigating this more complex learning environment requires a solid competency model that clearly describes the important areas of performance for a job role, provides a basis for assessing current performance levels, and ties neatly to HR processes, training, and learning opportunities.
