Paper undergraduate from the year 2004 in the subject Business economics Offline Marketing and Online Marketing grade A  
Hawai i Pacific University HPU course Information Systems MBA class language English abstract This paper will analyze the  
five competitive forces in the automobile industry More particularly it will be analyzed how the forces have an effect on the  
car manufacturer BMW Based on this analysis the force with the most impact on the company will be identified Based on that  
it will be described how BMW uses Information Systems to offset the force The five competitive forces model was developed  
in 1980 by Michael E Porter Porter s five forces model suggests that competition in an industry is rooted in its underlying  
economic structure and goes beyond the behavior of current competitors Porter 1980 The stage of competition depends upon  
five basic competitive forces which determine the degree of competition and the profit potential in an industry The five forces  
are intensity of competitors power of suppliers power of customers threat of new entrants and threat of substitute products  
BMW which stands for Bayerische Motoren Werke has made a well known name as a luxury car manufacturer The  
headquarter of the BMW group is in Munich Germany but the company is present all over the world The company built a  
high brand equity over the years through continuous branding efforts and high quality products BMW is arguably the most  
admired carmaker in the world and BMW products inspire near fanatical loyalty Kiley 2004 An Analysis of Competitive
